Public Participation

No public participation.

April 1, 2021 Minutes

Ms. Haines made a motion to remove the following sentence from the Rantoul Family Sports Complex discussion, "The Village would rent him a window at the concession stand," and to change the sentence, "the meeting resulted at..." to "the meeting resumed at..." from the draft minutes. Mr. Gamel seconded the motion, and the motion carried. Mr. Fogal made the motion to approve the April 1, 2021 meeting minutes with the amendments noted above, Mr. Gamel seconded the motion, and the motion carried.

Class R Liquor License Semi-Annual Reporting Structure

Code of Ordinances Chapter 4 - Alcoholic Beverages

Section 31 (7) - Class R, Restaurant License

- d. Total gross revenues from the sale of alcoholic liquor by a restaurant having a class R, restaurant license shall not exceed 50 percent of the total gross revenues from the combined sale of food and of alcoholic liquor in any calendar quarter. Any licensee holding a class R, restaurant license shall file with the local commissioner on or before May 1 and November 1 of each year an affidavit setting forth the gross revenues from the sale of food and of alcoholic liquor, respectively.*

Mayor Smith was approached by a current Class R Liquor Licensee regarding how sales from a third-party food truck affect the current requirements of the food and liquor sales documented on the semi-annual reporting. The licensee sales from the establishment are to be tallied separate from those of the food truck. Mr. Gamel stated that the license holder is responsible for the appropriate food sales percentages, this unconventional arrangement would be setting a non-standard precedence. Chief Brown added that if it were the licensee's food truck, and not an outside vendor, that the sales would count towards those totals. Attorney Wesner will draft a response on behalf of the Village to the licensee in question.

Liquor Delivery

Gage Peters, Owner of Swiftly Delivers, operates a food delivery service based in Rantoul servicing Rantoul, Thomasboro, Gifford, and soon Paxton. Mr. Peters would like to expand his services to bring alcohol delivery to the area. Mayor Smith stated that clarification would be needed for the ordinance to add these services. Mr. Gamel added that an alcohol delivery service from point A to point B would boost sales for our current licensees. Mr. Thompson stated that this could detour an already intoxicated person from getting behind the wheel of a vehicle. Ms. Haines indicated concerns about the end-user being of age. Mr. Peters shared that he has special guidelines in place, which include: ordering safeguards within the app, drivers being over age 21, an ID scanner to assure that the purchaser receiving the alcohol is of age, and all alcohol will be kept in the locked vehicle until the identification has been verified. Chief Brown added that routine checks would take place for compliance, such as do currently for the license holders. Administrator Eisenhower stated that under the State of Illinois code, third party delivery is only allowed of pre-packaged alcohol, with an unbroken seal from a licensee that allows for off-premises consumption. Class P-1, Class P-2, and Class A are the only Village licenses with this provision. The State of Illinois has adopted new liquor delivery guidelines due to the COVID-19 pandemic. Attorney Wesner will research what current guidelines are in place, and what would be required for an ordinance to bring to the Village Board meeting in August.

Class T-1 Liquor License

*Code of Ordinances Chapter 4 – Alcoholic Beverages
Article III – Temporary Permits / Class T-1 Permit*

- a. A Class T-1 Permit may be issued to any duly constituted educational, fraternal, political, civic, religious or other nonprofit organization other than a club for certain premises located in any zoning district other than any residential district established under and pursuant to the zoning ordinance, as supplemented and amended from time to time.*
- b. A Class T-1 Permit may be issued for any specified period of time of not to exceed two consecutive days.*
- c. Any authorized organization shall not be issued more than three Class T-1 Permits in any calendar year.*
- d. The fee for each Class T-1 Permit shall be in the amount determined from time to time by the village board.*

Proposed Class T-1 Permit Modification:

c. The temporary liquor license shall specify the dates and times approved by the Liquor Commissioner for the license.

Administrator Eisenhower shared that under the Class T-1 Permit, organizations are restricted to three permits per calendar year. With the current language, events such as Freedom Fridays, Farmer's Market, Shop n' Sip, and Christmas Market are required to obtain a separate permit for each event held. With the recommended verbiage change, this would allow for same or similar events to be under one umbrella, such as the Chamber of Commerce, allowing recruitment of local licensee vendors to participate. All other restrictions with this Class T-1 Permit would remain intact. Ms. Haines questioned how this would affect the current COVID changes. Mr. Gamel stated that he envisions this being a positive change with various opportunities downtown, Wabash Park, the Hangars, etc. Mr. Fogel reviewed the current dram insurance requirements for events such as these. The Committee agreed to move forward with the changes outlined.

Other Business

The Committee requested updates on the status of the proposed liquor licenses for the Sports Complex. Administrator Eisenhower shared that marked discussions in regards to exclusivity, method of delivery, security, consumption limits, and the duration of licensee terms are needed prior to moving forward. Ms. Haines expressed concern about individuals being over-served and consumption by minors. Chief Brown stated that routine checks would occur for compliance. Mr. Thompson added that this is a very controlled environment, and it is unlikely to get out of hand with the parents present and the proper protocols in place. Administrator Eisenhower stated that in researching other similar facilities, they simply do not experience over-sales or over-consumption. The Fringe's Class A Liquor License allows liquor to be served only on their premises, and The Fringe is currently the only Liquor Licensee at the complex. Mr. Gamel stated that there are development opportunities around the complex for other adult consumption options. Mr. Fogel added that there are some organizations that may only commit if they know that liquor is available physically on the premises.

New Business

No new business items presented.

Announcement

Mayor Smith announced that Brenda Runyon retired today after 22 years of service to the Village.

Adjournment

Mayor Smith adjourned the meeting at 6:55pm.

Minutes prepared, submitted, and filed by Tana Ward, Deputy Clerk

A railroad license shall also permit the licensee to sell or dispense alcoholic liquors on any club, buffet, lounge or dining car operated on an electric, gas or steam railway regularly operated by a common carrier in this State, but shall not permit the sale for resale of any alcoholic liquors to any licensee within this State. A license shall be obtained for each car in which such sales are made.

(g) A boat license shall allow the sale of alcoholic liquor in individual drinks, on any passenger boat regularly operated as a common carrier on navigable waters in this State or on any riverboat operated under the Illinois Gambling Act, which boat or riverboat maintains a public dining room or restaurant thereon.

(h) A non-beverage user's license shall allow the licensee to purchase alcoholic liquor from a licensed manufacturer or

importing distributor, without the imposition of any tax upon the business of such licensed manufacturer or importing distributor as to such alcoholic liquor to be used by such licensee solely for the non-beverage purposes set forth in subsection (a) of Section 8-1 of this Act, and such licenses shall be divided and classified and shall permit the purchase, possession and use of limited and stated quantities of alcoholic liquor as follows:

A wine-maker's premises license shall allow a licensee who concurrently holds a second-class wine-maker's license to sell and offer for sale at retail in the premises specified in such license up to 100,000 gallons of the second-class wine-maker's wine that is made at the second-class wine-maker's licensed premises per year for use or consumption but not for resale in any form. Upon approval from the State Commission, a wine-maker's premises license shall allow the licensee to sell and offer for sale at (i) the wine-maker's licensed premises and (ii) at up to 2 additional locations for use and consumption and not for resale. Each location shall require additional licensing per location as specified in Section 5-3 of this Act. A wine-maker's premises licensee shall secure liquor liability insurance coverage in an amount at least equal to the maximum liability amounts set forth in subsection (a) of Section 6-21 of this Act.

(j) An airplane license shall permit the licensee to import alcoholic liquors into this State from any point in the United States outside this State and to store such alcoholic liquors in this State; to make wholesale purchases of alcoholic liquors directly from manufacturers, foreign importers, distributors and importing distributors from within or outside this State; and to store such alcoholic liquors in this State; provided that the above powers may be exercised only in connection with the importation, purchase or storage of alcoholic liquors to be sold or dispensed on an airplane; and provided further, that airplane licensees exercising the above powers shall be subject

to all provisions of Article VIII of this Act as applied to importing distributors. The annual fee for such license shall be as determined in Section 5-3.

(k) A foreign importer's license shall permit such licensee to purchase alcoholic liquor from Illinois licensed non-resident dealers only, and to import alcoholic liquor other than in bulk from any point outside the United States and to sell such alcoholic liquor to Illinois licensed importing distributors and to no one else in Illinois; provided that (i) the foreign importer registers with the State Commission every brand of alcoholic liquor that it proposes to sell to Illinois licensees during the license period, (ii) the foreign importer complies with all of the provisions of Section 6-9 of this Act with respect to registration of such Illinois licensees as may be granted the right to sell such brands at wholesale, and (iii) the foreign importer complies with the provisions of Sections 6-5 and 6-6 of this Act to the same extent that these provisions apply to manufacturers.

(l) (i) A broker's license shall be required of all persons who solicit orders for, offer to sell or offer to supply

alcoholic liquor to retailers in the State of Illinois, or who offer to retailers to ship or cause to be shipped or to make contact with distillers, craft distillers, rectifiers, brewers or manufacturers or any other party within or without the State of Illinois in order that alcoholic liquors be shipped to a distributor, importing distributor or foreign importer, whether such solicitation or offer is consummated within or without the State of Illinois.

No holder of a retailer's license issued by the Illinois Liquor Control Commission shall purchase or receive any alcoholic liquor, the order for which was solicited or offered for sale to such retailer by a broker unless the broker is the holder of a valid broker's license.

The broker shall, upon the acceptance by a retailer of the broker's solicitation of an order or offer to sell or supply or deliver or have delivered alcoholic liquors, promptly forward to the Illinois Liquor Control Commission a notification of said transaction in such form as the Commission may by regulations prescribe.

(ii) A broker's license shall be required of a person within this State, other than a retail licensee, who, for a fee or commission, promotes, solicits, or accepts orders for alcoholic liquor, for use or consumption and not for resale, to be shipped from this State and delivered to residents outside of this State by an express company, common carrier, or contract carrier. This Section does not apply to any person who

promotes, solicits, or accepts orders for wine as specifically authorized in Section 6-29 of this Act.

A broker's license under this subsection (1) shall not entitle the holder to buy or sell any alcoholic liquors for his own account or to take or deliver title to such alcoholic liquors.

This subsection (1) shall not apply to distributors, employees of distributors, or employees of a manufacturer who has registered the trademark, brand or name of the alcoholic liquor pursuant to Section 6-9 of this Act, and who regularly sells such alcoholic liquor in the State of Illinois only to its registrants thereunder.

Any agent, representative, or person subject to registration pursuant to subsection (a-1) of this Section shall not be eligible to receive a broker's license.

(m) A non-resident dealer's license shall permit such licensee to ship into and warehouse alcoholic liquor into this State from any point outside of this State, and to sell such alcoholic liquor to Illinois licensed foreign importers and importing distributors and to no one else in this State; provided that (i) said non-resident dealer shall register with the Illinois Liquor Control Commission each and every brand of alcoholic liquor which it proposes to sell to Illinois licensees during the license period, (ii) it shall comply with all of the provisions of Section 6-9 hereof with respect to registration of such Illinois licensees as may be granted the

right to sell such brands at wholesale by duly filing such registration statement, thereby authorizing the non-resident dealer to proceed to sell such brands at wholesale, and (iii) the non-resident dealer shall comply with the provisions of Sections 6-5 and 6-6 of this Act to the same extent that these provisions apply to manufacturers. No person licensed as a non-resident dealer shall be granted a distributor's or importing distributor's license.

(n) A brew pub license shall allow the licensee to only (i) manufacture up to 155,000 gallons of beer per year only on the premises specified in the license, (ii) make sales of the beer manufactured on the premises or, with the approval of the Commission, beer manufactured on another brew pub licensed premises that is wholly owned and operated by the same licensee to importing distributors, distributors, and to non-licensees for use and consumption, (iii) store the beer upon the premises, (iv) sell and offer for sale at retail from the licensed premises for off-premises consumption no more than 155,000 gallons per year so long as such sales are only made in-person, (v) sell and offer for sale at retail for use and consumption on the premises specified in the license any form of alcoholic liquor purchased from a licensed distributor or importing distributor, (vi) with the prior approval of the Commission, annually transfer no more than 155,000 gallons of beer manufactured on the premises to a licensed brew pub wholly owned and operated by the same licensee, and (vii)

notwithstanding item (i) of this subsection, brew pubs wholly owned and operated by the same licensee may combine each location's production limit of 155,000 gallons of beer per year and allocate the aggregate total between the wholly owned, operated, and licensed locations.

A brew pub licensee shall not under any circumstance sell or offer for sale beer manufactured by the brew pub licensee to retail licensees.

A person who holds a class 2 brewer license may simultaneously hold a brew pub license if the class 2 brewer (i) does not, under any circumstance, sell or offer for sale beer manufactured by the class 2 brewer to retail licensees; (ii) does not hold more than 3 brew pub licenses in this State; (iii) does not manufacture more than a combined 3,720,000 gallons of beer per year, including the beer manufactured at the brew pub; and (iv) is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 3,720,000 gallons of beer per year or any other alcoholic liquor.

Notwithstanding any other provision of this Act, a licensed brewer, class 2 brewer, or non-resident dealer who before July 1, 2015 manufactured less than 3,720,000 gallons of beer per year and held a brew pub license on or before July 1, 2015 may (i) continue to qualify for and hold that brew pub license for the licensed premises and (ii) manufacture more than 3,720,000 gallons of beer per year and continue to qualify for and hold

that brew pub license if that brewer, class 2 brewer, or non-resident dealer does not simultaneously hold a class 1 brewer license and is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 3,720,000 gallons of beer per year or that produces any other alcoholic liquor.

(o) A caterer retailer license shall allow the holder to serve alcoholic liquors as an incidental part of a food service that serves prepared meals which excludes the serving of snacks as the primary meal, either on or off-site whether licensed or unlicensed. A caterer retailer license shall allow the holder, a distributor, or an importing distributor to transfer any inventory to and from the holder's retail premises and shall allow the holder to purchase alcoholic liquor from a distributor or importing distributor to be delivered directly to an off-site event.

Nothing in this Act prohibits a distributor or importing distributor from offering credit or a refund for unused, salable beer to a holder of a caterer retailer license or a caterer retailer licensee from accepting a credit or refund for unused, salable beer, in the event an act of God is the sole reason an off-site event is cancelled and if: (i) the holder of a caterer retailer license has not transferred alcoholic liquor from its caterer retailer premises to an off-site location; (ii) the distributor or importing distributor offers the credit or refund for the unused, salable beer that it delivered to the

off-site premises and not for any unused, salable beer that the distributor or importing distributor delivered to the caterer retailer's premises; and (iii) the unused, salable beer would likely spoil if transferred to the caterer retailer's premises. A caterer retailer license shall allow the holder to transfer any inventory from any off-site location to its caterer retailer premises at the conclusion of an off-site event or engage a distributor or importing distributor to transfer any inventory from any off-site location to its caterer retailer premises at the conclusion of an off-site event, provided that the distributor or importing distributor issues bona fide charges to the caterer retailer licensee for fuel, labor, and delivery and the distributor or importing distributor collects payment from the caterer retailer licensee prior to the distributor or importing distributor transferring inventory to the caterer retailer premises.

For purposes of this subsection (o), an "act of God" means an unforeseeable event, such as a rain or snow storm, hail, a flood, or a similar event, that is the sole cause of the cancellation of an off-site, outdoor event.

(p) An auction liquor license shall allow the licensee to sell and offer for sale at auction wine and spirits for use or consumption, or for resale by an Illinois liquor licensee in accordance with provisions of this Act. An auction liquor license will be issued to a person and it will permit the auction liquor licensee to hold the auction anywhere in the

State. An auction liquor license must be obtained for each auction at least 14 days in advance of the auction date.

(q) A special use permit license shall allow an Illinois licensed retailer to transfer a portion of its alcoholic liquor inventory from its retail licensed premises to the premises specified in the license hereby created; to purchase alcoholic liquor from a distributor or importing distributor to be delivered directly to the location specified in the license hereby created; and to sell or offer for sale at retail, only in the premises specified in the license hereby created, the transferred or delivered alcoholic liquor for use or consumption, but not for resale in any form. A special use permit license may be granted for the following time periods: one day or less; 2 or more days to a maximum of 15 days per location in any 12-month period. An applicant for the special use permit license must also submit with the application proof satisfactory to the State Commission that the applicant will provide dram shop liability insurance to the maximum limits and have local authority approval.

A special use permit license shall allow the holder to transfer any inventory from the holder's special use premises to its retail premises at the conclusion of the special use event or engage a distributor or importing distributor to transfer any inventory from the holder's special use premises to its retail premises at the conclusion of an off-site event, provided that the distributor or importing distributor issues

bona fide charges to the special use permit licensee for fuel, labor, and delivery and the distributor or importing distributor collects payment from the retail licensee prior to the distributor or importing distributor transferring inventory to the retail premises.

Nothing in this Act prohibits a distributor or importing distributor from offering credit or a refund for unused, salable beer to a special use permit licensee or a special use permit licensee from accepting a credit or refund for unused, salable beer at the conclusion of the event specified in the license if: (i) the holder of the special use permit license has not transferred alcoholic liquor from its retail licensed premises to the premises specified in the special use permit license; (ii) the distributor or importing distributor offers the credit or refund for the unused, salable beer that it delivered to the premises specified in the special use permit license and not for any unused, salable beer that the distributor or importing distributor delivered to the retailer's premises; and (iii) the unused, salable beer would likely spoil if transferred to the retailer premises.

(r) A winery shipper's license shall allow a person with a first-class or second-class wine manufacturer's license, a first-class or second-class wine-maker's license, or a limited wine manufacturer's license or who is licensed to make wine under the laws of another state to ship wine made by that licensee directly to a resident of this State who is 21 years

of age or older for that resident's personal use and not for resale. Prior to receiving a winery shipper's license, an applicant for the license must provide the Commission with a true copy of its current license in any state in which it is licensed as a manufacturer of wine. An applicant for a winery shipper's license must also complete an application form that provides any other information the Commission deems necessary. The application form shall include all addresses from which the applicant for a winery shipper's license intends to ship wine, including the name and address of any third party, except for a common carrier, authorized to ship wine on behalf of the manufacturer. The application form shall include an acknowledgement consenting to the jurisdiction of the Commission, the Illinois Department of Revenue, and the courts of this State concerning the enforcement of this Act and any related laws, rules, and regulations, including authorizing the Department of Revenue and the Commission to conduct audits for the purpose of ensuring compliance with Public Act 95-634, and an acknowledgement that the wine manufacturer is in compliance with Section 6-2 of this Act. Any third party, except for a common carrier, authorized to ship wine on behalf of a first-class or second-class wine manufacturer's licensee, a first-class or second-class wine-maker's licensee, a limited wine manufacturer's licensee, or a person who is licensed to make wine under the laws of another state shall also be disclosed by the winery shipper's licensee, and a copy of the

written appointment of the third-party wine provider, except for a common carrier, to the wine manufacturer shall be filed with the State Commission as a supplement to the winery shipper's license application or any renewal thereof. The winery shipper's license holder shall affirm under penalty of perjury, as part of the winery shipper's license application or renewal, that he or she only ships wine, either directly or indirectly through a third-party provider, from the licensee's own production.

Except for a common carrier, a third-party provider shipping wine on behalf of a winery shipper's license holder is the agent of the winery shipper's license holder and, as such, a winery shipper's license holder is responsible for the acts and omissions of the third-party provider acting on behalf of the license holder. A third-party provider, except for a common carrier, that engages in shipping wine into Illinois on behalf of a winery shipper's license holder shall consent to the jurisdiction of the State Commission and the State. Any third-party, except for a common carrier, holding such an appointment shall, by February 1 of each calendar year and upon request by the State Commission or the Department of Revenue, file with the State Commission a statement detailing each shipment made to an Illinois resident. The statement shall include the name and address of the third-party provider filing the statement, the time period covered by the statement, and the following information:

- (1) the name, address, and license number of the winery shipper on whose behalf the shipment was made;
- (2) the quantity of the products delivered; and
- (3) the date and address of the shipment.

If the Department of Revenue or the State Commission requests a statement under this paragraph, the third-party provider must provide that statement no later than 30 days after the request is made. Any books, records, supporting papers, and documents containing information and data relating to a statement under this paragraph shall be kept and preserved for a period of 3 years, unless their destruction sooner is authorized, in writing, by the Director of Revenue, and shall be open and available to inspection by the Director of Revenue or the State Commission or any duly authorized officer, agent, or employee of the State Commission or the Department of Revenue, at all times during business hours of the day. Any person who violates any provision of this paragraph or any rule of the State Commission for the administration and enforcement of the provisions of this paragraph is guilty of a Class C misdemeanor. In case of a continuing violation, each day's continuance thereof shall be a separate and distinct offense.

The State Commission shall adopt rules as soon as practicable to implement the requirements of Public Act 99-904 and shall adopt rules prohibiting any such third-party appointment of a third-party provider, except for a common carrier, that has been deemed by the State Commission to have

violated the provisions of this Act with regard to any winery shipper licensee.

A winery shipper licensee must pay to the Department of Revenue the State liquor gallonage tax under Section 8-1 for all wine that is sold by the licensee and shipped to a person in this State. For the purposes of Section 8-1, a winery shipper licensee shall be taxed in the same manner as a manufacturer of wine. A licensee who is not otherwise required to register under the Retailers' Occupation Tax Act must register under the Use Tax Act to collect and remit use tax to the Department of Revenue for all gallons of wine that are sold by the licensee and shipped to persons in this State. If a licensee fails to remit the tax imposed under this Act in accordance with the provisions of Article VIII of this Act, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act. If a licensee fails to properly register and remit tax under the Use Tax Act or the Retailers' Occupation Tax Act for all wine that is sold by the winery shipper and shipped to persons in this State, the winery shipper's license shall be revoked in accordance with the provisions of Article VII of this Act.

A winery shipper licensee must collect, maintain, and submit to the Commission on a semi-annual basis the total number of cases per resident of wine shipped to residents of this State. A winery shipper licensed under this subsection (r) must comply with the requirements of Section 6-29 of this Act.

Pursuant to paragraph (5.1) or (5.3) of subsection (a) of Section 3-12, the State Commission may receive, respond to, and investigate any complaint and impose any of the remedies specified in paragraph (1) of subsection (a) of Section 3-12.

As used in this subsection, "third-party provider" means any entity that provides fulfillment house services, including warehousing, packaging, distribution, order processing, or shipment of wine, but not the sale of wine, on behalf of a licensed winery shipper.

(s) A craft distiller tasting permit license shall allow an Illinois licensed class 1 craft distiller or class 2 craft distiller to transfer a portion of its alcoholic liquor inventory from its class 1 craft distiller or class 2 craft distiller licensed premises to the premises specified in the license hereby created and to conduct a sampling, only in the premises specified in the license hereby created, of the transferred alcoholic liquor in accordance with subsection (c) of Section 6-31 of this Act. The transferred alcoholic liquor may not be sold or resold in any form. An applicant for the craft distiller tasting permit license must also submit with the application proof satisfactory to the State Commission that the applicant will provide dram shop liability insurance to the maximum limits and have local authority approval.

(t) A brewer warehouse permit may be issued to the holder of a class 1 brewer license or a class 2 brewer license. If the holder of the permit is a class 1 brewer licensee, the brewer

warehouse permit shall allow the holder to store or warehouse up to 930,000 gallons of tax-determined beer manufactured by the holder of the permit at the premises specified on the permit. If the holder of the permit is a class 2 brewer licensee, the brewer warehouse permit shall allow the holder to store or warehouse up to 3,720,000 gallons of tax-determined beer manufactured by the holder of the permit at the premises specified on the permit. Sales to non-licensees are prohibited at the premises specified in the brewer warehouse permit.

(u) A distilling pub license shall allow the licensee to only (i) manufacture up to 5,000 gallons of spirits per year only on the premises specified in the license, (ii) make sales of the spirits manufactured on the premises or, with the approval of the State Commission, spirits manufactured on another distilling pub licensed premises that is wholly owned and operated by the same licensee to importing distributors and distributors and to non-licensees for use and consumption, (iii) store the spirits upon the premises, (iv) sell and offer for sale at retail from the licensed premises for off-premises consumption no more than 5,000 gallons per year so long as such sales are only made in-person, (v) sell and offer for sale at retail for use and consumption on the premises specified in the license any form of alcoholic liquor purchased from a licensed distributor or importing distributor, and (vi) with the prior approval of the State Commission, annually transfer no more than 5,000 gallons of spirits manufactured on the premises to a

licensed distilling pub wholly owned and operated by the same licensee.

A distilling pub licensee shall not under any circumstance sell or offer for sale spirits manufactured by the distilling pub licensee to retail licensees.

A person who holds a class 2 craft distiller license may simultaneously hold a distilling pub license if the class 2 craft distiller (i) does not, under any circumstance, sell or offer for sale spirits manufactured by the class 2 craft distiller to retail licensees; (ii) does not hold more than 3 distilling pub licenses in this State; (iii) does not manufacture more than a combined 100,000 gallons of spirits per year, including the spirits manufactured at the distilling pub; and (iv) is not a member of or affiliated with, directly or indirectly, a manufacturer that produces more than 100,000 gallons of spirits per year or any other alcoholic liquor.

(v) A craft distiller warehouse permit may be issued to the holder of a class 1 craft distiller or class 2 craft distiller license. The craft distiller warehouse permit shall allow the holder to store or warehouse up to 500,000 gallons of spirits manufactured by the holder of the permit at the premises specified on the permit. Sales to non-licensees are prohibited at the premises specified in the craft distiller warehouse permit.
