VILLAGE OF RANTOUL BOARD OF TRUSTEES
BOARD STUDY SESSION
TUESDAY, APRIL 2, 2024

LOUIS B. SCHELLING MEMORIAL BOARD ROOM
RANTOUL VILLAGE HALL, 333 SOUTH TANNER STREET, RANTOUL, IL 61866

A Study Session of the Board of Trustees of the Village of Rantoul, Illinois was held on Tuesday, April 2, 2024. President Charles Smith called the meeting to order at 6:00pm.

Roll Call

Upon Roll Call, the following Board Members were present:
Mayor Charles Smith, Trustee Gary Wilson, Trustee Donald Robertson,
Trustee Regina Crider, Trustee Samuel Hall III, Trustee Terry Workman, and
Trustee Irene Weathersby

The following representatives of Village Departments were also present:
Scott Eisenhauer, Administrator; Tony Brown, Chief of Police; Chad Smith, Fire Chief;
Luke Humphrey, Recreation Director; Jake McCoy, Public Works Director; Angela
Schultz, Comptroller; Chris Milliken, Urban Planning Manager; Deborah Sage, Human
Resources Manager; Corky Vericker, Airport Manager; Brian Hunt, Community
Development Specialist; David Wesner, Village Attorney; and Tana Ward, Deputy
Village Clerk

Mayoral Proclamation

Mayor Smith provided a Proclamation that the month of April 2024 be designated as
Autism Awareness and Acceptance Month, urging the Village to participate in the
annual observance to celebrate the differences of, learn more about, and empower
Autistic individuals in the hope that it will lead to a better understanding of the disorder.

Mayor Smith recognized Joe, Rich, and Jack Bolser to share their personal experience
with Autism with the Board.

Approval of Agenda

Trustee Hall moved to approve the amended agenda as presented. Trustee
Weathersby seconded the motion.

On a Roll Call vote:

 AYE: Hall, Workman, Weathersby, Wilson, Robertson, Crider

 NAY: None

The motion carried 6 – 0

Public Participation

Mayor Smith opened the public comment portion of the meeting per the Open Meetings
Act. No individuals registered prior to the meeting with the Deputy Village Clerk.

Items from the Board

Trustees

Trustee Irene Weathersby

Trustee Weathersby reported that Champaign County Regional Planning Commission, Head Start/Early Head Start Program is seeking qualified Teachers/Pre-K Teachers, and Teachers Aids. She stated that individuals who are interested can visit the website www.ccrpc.org. Additionally, Trustee Weathersby added that the Rantoul Head Start has 15 openings available for the three to five-year-old classes, and four openings for the 15-month to two-year-old classes.

Trustee Samuel Hall III

Trustee Hall provided kudos to the Rantoul Fire Department for their quick aide over the weekend for the building collapse downtown with securing the space and keeping the residents safe.

Mayor

Mayor Smith thanked all of the public servants who came out to protect the public by securing the site, closing the streets, and assuring that everyone was safe and that there were no injuries during the building collapse on Sunday afternoon.

Clerk

The Deputy Village Clerk presented the Minutes of March 5, 2024 Study Session and the Minutes of March 14, 2022 Board Meeting. The Minutes will move forward to the Board Meeting for approval as presented.

Contract for the Restoration of the US Air Force Minuteman Intercontinental Ballistic Missile located at 300 Borman Drive with Crispin Auto, LLC in the amount of \$39,000.00, with a contingency of \$8,000.00.

Mr. Milliken stated that the Village issued a Request for Proposals (RFP) for the restoration of the missile in January. Two proposals were received in response to that RFP request, and were shared with the ICBM Sub-Committee. The Sub-Committee unanimously recommended proceeding with the proposal submitted by Crispin Auto, LLC. If approved, the contract will provide for the restoration of the missile in place with the scope including the removal of the existing finishes; structural repair; structure protection; and surface refinishing, with the work to be completed over an approximately two-month time period. The funding for the restoration is slated to come from the Village Economic Development Fund. The restoration work would begin within 30 days of approval, and be completed within 90 days, with an anticipated contractor start date of May 1 and completion just prior to Independence Day. After the restoration is complete, it is understood that the ICBM Sub-Committee will meet to discuss design and fundraising for additional improvements to be made around the base of the missile, including uplighting, landscaping, and a commemorative plaque for those who served at Chanute Air Force Base.

Trustee Crider questioned the qualifications of the potential contractor. Mr. Milliken stated that the US Air Force had recommended that the Village approach body shops in the area for the restoration.

Trustee Crider questioned the contingency amount requested. Mr. Milliken stated that the Village had conducted lead test on the missile, and it had been discovered only at the base in minimal amounts. However, with the size and scope of the work, there were many unknowns with the structure.

Mayor Smith recognized members of the ICBM Sub-Committee. Sub-Committee Chairperson Loise Haines thanked the members of the Sub-Committee. Mike Helfrich shared that through due diligence the proposal was found that honors the Village, honors the citizens, and honors the veterans that have served at the Chanute Air Force Base.

Ordinance Approving Rezoning Petition ZP24-1, and Amending the Official Zoning Map for 636-640 West Champaign Avenue.

Mr. Milliken reported that Erickson Enterprises, LLC, is requesting that the property be rezoned from R-1 Single Family Residential to C-2 General Commercial to allow for the construction of a Culver's Restaurant at that location. The property is directly adjacent to existing commercial developments, including the Jimmy Johns location, which was rezoned in 2016 to accommodate that development. The lot directly to the west was rezoned last year to accommodate development of a Busey Bank facility, which should be under development this year as well. The requested rezoning would be consistent

with the Village's adopted Future Land Use Map. The Planning & Zoning Commission recommended approval of the request by a 7-0 vote. Mr. Milliken added that Erickson Enterprises' Attorney Bill Scott was present to address any questions or concerns.

Mayor Smith recognized Attorney Bill Scott for comments from the Trustees.

Resolution Authorizing a Request for EDA's Release of Federal Interest in the Village's EDA funded Revolving Loan Fund Program.

Mr. Milliken shared that in 1993, the U.S. Economic Development Administration (EDA) provided a \$1,023,707.00 grant to the Village of Rantoul to create a Revolving Loan Fund (RLF). To date, a total of 50 loans have been made thru the EDA RLF program totaling \$8,232,267.00 in funds loaned, with those loan funds leveraging an additional \$65,206,500.00 in non-RLF funding. As of October 31, 2023, the RLF had a capital base of \$1,805,114.00. The recently enacted Reinvigorating Lending for the Future Act authorizes the EDA to release its federal interest in Revolving Loan Fund awards that have operated satisfactorily for at least seven years beyond the initial disbursement of grant funds. By requesting EDA to defederalize the RLF funds, the Village would see a reduced administrative burden.

Trustee Wilson questioned if the current loan had a pool of interest that would be released to the Village. Mr. Milliken stated that the funds were with the Village currently totaling over \$1.8 Million.

These items will move forward to the Board Meeting for approval.

Parks and Recreation Department

Purchase of a Replacement Toro Mower for the Recreation Department from MTI Distribution Equipment in the amount of \$152,982.62, with a contingency fund of \$7,017.38, for a total amount of \$160,000.00.

Mr. McCoy stated that the existing Toro Machine is a model year 2011, and it will be moved to solely a snow blowing machine next winter. The Toro mower is currently being used by the Recreation Department to mow EDC areas, and it is consistently at fleet maintenance for repairs. The new Toro mower is offered through a joint purchase with Omnia Partners. The lowest responsive, Omnia Partner approved vendor proposal was provided by MTI Distributing Equipment for a 2024 Toro Groundskeeper 5910 (T4). The contingency fund requested is for any modifications and increasing commodity prices. Replacement of the mower is included in the Fiscal Year 2025 EDC Division budget.

Trustee Robertson questioned what the old mower would be used for. Mr. Humphrey stated that it would be used to clear the shared-use paths of snow to allow children to safely get to school. He added that the trade-in offered was minimal.

Trustee Wilson questioned if other brand of mowers were considered, and why the increased price was so substantial over the prior purchase. Mr. Humphrey stated that the 2014 model was the same size, however it does not include the enclosed cab. He added that the size of the mower enables the job to not only get completed sooner, but it saves additional staffing and equipment that would be required.

Ordinance Authorizing Power Sales Contract and Capacity Purchase Agreement with Illinois Municipal Electric Agency (Commencing on 10-01-35).

Mr. McCoy reported that the current agreements with the Illinois Municipal Electric Agency (IMEA) have provided the Village with reliable, affordable, sustainable, and stable power and energy needs for decades. This current agreement is set to expire on September 30, 2035. In order to plan for and ensure that resources are in place to continue meeting the Village's long-term and short-term power and energy needs at favorable prices, and to continue meeting the obligations imposed on Rantoul as a load serving entity by the Regional Transmission Organization, the IMEA is requesting that the Village and its other 32 participating municipalities continue their relationship from IMEA beyond September 30, 2035, by approving and executing new agreements with the IMEA. The new contract is for the delivery period of October 1, 2035 through May 31, 2055. The Village is an active and involved member of the IMEA, and the Village has an excellent working relationship with the member communities and suppliers, so there are no concerns with extending this working relationship.

Purchase of a Pad-Mounted Primary Disconnect Gear and a Switch for the Industrial Area from Anixter Power Solutions in the amount of \$80,294.84.

Mr. McCoy stated that with the sale of the campground, the secondary electric lines throughout the area are now the new owner's responsibility, and currently there is not a way to disconnect the secondary lines at the campground from the primary lines. This purchase is necessary to allow the new owner to disconnect the area from the primary during emergencies and/or rehab projects. Lead time of the pad-mounted primary disconnect gear is 64-68 weeks. This disconnect purchase will be funded from the Fiscal Year 2024 Airport account, and the switch will be funded from the Electric account.

Trustee Crider asked for clarification that the purchase was for two separate units, and Mr. McCoy confirmed that.

Engineering Agreement for the Development of a Wastewater Treatment Plant and Systems, Phase II Final Design with Donohue & Associates, Inc. in the amount of \$440,800.00.

Mr. McCoy reported that the Wastewater Treatment Plant is currently undergoing Phase I construction, and ready to move forward with Phase II. The plant has crucial equipment that is approaching the end of its reliable service life that needs upgrading. The engineering fees for these improvements will be funded by the Board-allocated

American Rescue Plan Act (ARPA) funds, and potential Environmental Protection Agency (EPA) revolving loan funds.

Trustee Hall questioned how many phases that the Wastewater Treatment Plant would require for the full renovation. Mr. McCoy stated that there were three phases.

Trustee Crider questioned if the EPA revolving loan funds had been acquired. Mr. McCoy stated that the Phase I EPA loan had been received, and the Phase II loan had been applied for, however not received at this point.

Engineering Service Agreement for the Planning, Design, and Construction Phases of the Airport Improvement of Runway 9-27 Rehabilitation with Hanson Professional Services in the amount not-to-exceed \$221,283.00 (Village share of \$11,064.15).

Mr. McCoy stated that Runway 9-27 is the east/west runway, and it is one of two at the Airport. The existing surface will be milled and resurfaced with new asphalt and pavement markings. The Village is responsible for five percent of the project engineering costs, while the remaining funds will be provided by the Illinois Department of Transportation (IDOT) Division of Aeronautics. IDOT has reviewed and provided initial approval of this agreement. This work was identified as the next improvement from the Airport's 2022 submission in the long-range Transportation Improvement Program (TIP). The total estimated project cost is \$2,850,000.00. The Village will be responsible for five percent of these costs (\$142,500.00). At the same time, the remaining funds will be provided by FFY-2024 Non-Primary Airport Discretionary Funds (\$2,415,000.00), FFY-2024 Non-Primary Entitlement Funds (\$150,000.00), and a State Match (\$142,500.00). The Village's component will be included in the upcoming Village Fiscal Year 2025 Budget. The construction is anticipated for Fall 2024, and it will be staged to minimize conflicts with critical airport users.

Service Agreement for the Excavation, Hauling, and Disposal of the Stockpile from the Range for the Wastewater Treatment Plant with Dirtworks Trucking & Excavating in the amount of \$146,587.20, with a contingency of \$10,000.00.

Mr. McCoy stated that the Village owns and operates a gun range at the Wastewater Treatment Plant (WWTP). Due to expansion at the WWTP, the Range is being decommissioned, and moved to a different area of town. The existing Range stockpile is primarily consisting of soil material. However, over time, the pile was added by various departments, who placed concrete, brick, asphalt, and aggregate spoils onto it. The Village requested bids from qualified contractors to provide existing Range stockpile – excavation, sorting of the material, hauling from the (WWTP) to various locations, and stockpiling at the new proposed Range area. The Village received six bids from contractors, and Dirtworks Trucking & Excavating was the low bidder. The project is anticipated to be completed within six weeks. A contingency fund of \$10,000.00 is requested to address any unforeseen expenses for this replacement. The engineering fees for these improvements will be funded by the Board-allocated American Rescue Plan Act funds.

Trustee Wilson questioned if this project would interfere with the University of Illinois Autonomous Track. Mr. McCoy clarified the location.

Trustee Robertson questioned why Village staff was not being utilized for this project. Mr. McCoy stated that the Village did not own the required excavators and semi-trucks that would be needed.

Trustee Crider questioned if moving the Range was a foreseen project. Mr. McCoy stated that when the WWTP renovations were discussed, it was known that the Range would need to be relocated.

Trustee Wilson questioned how long the Range had been in place. Mr. McCoy stated prior to 1965, and Chief Brown added that it was likely late 1950's/early 1960's.

Trustee Weathersby commented that the presentations this evening were excellent. She added that the Department Heads make items that are quite complicated easier to understand.

Trustee Hall questioned what happens to the lead and all other possible contaminants at the Range. Mr. McCoy stated that a remediation company had been secured for removal of the lead, and any remaining contaminants were appropriate to be moved to the new site since it will also be used for a Range.

Trustee Robertson questioned how much the remediation company was going to cost. Mr. McCoy stated that the cost was \$29,000.00 minus 50% of the salvage fee received.

Trustee Hall questioned if the cost of the remediation company was included with this item. Mr. McCoy stated that it was not due to being under the Board-approved threshold amount.

These items will move forward to the Board Meeting for approval.

Office of the Administrator

Ordinance Amending Chapter 4, Article II of the Rantoul Code in Connection with Liquor Licenses.

Administrator Eisenhower reported that between himself, Liquor Commissioner Mayor Smith, and Deputy Village Clerk Ward challenges and discrepancies have been identified within the current Village Code in regards to the Liquor License. Liquor licensing has revealed that two current Class A Liquor Licenses are being utilized for a standard video gaming café. By reducing the number of Class A Liquor Licenses to five, and creating a Class GH – Gaming Hall Liquor License for those two licenses, it would allow for a change in the Village Code to include a requirement of 51% or greater retail sales of alcoholic liquor in the Class A. This would eliminate the possibility of additional video gaming cafes.

Trustee Robertson requested confirmation that the two current video gaming cafes approved of this change. Administrator Eisenhauer confirmed this fact.

Trustee Wilson questioned why the Class A would be reduced with potential new businesses coming to the Village. Administrator Eisenhauer stated that he would elaborate more on this with the next portion of the proposed amendment.

Trustee Wilson questioned if the Class GH fees were aligned with the Class A. Administrator Eisenhauer confirmed that the proposed amounts were the same.

Trustee Hall requested confirmation that the new class would be GH, not CH as indicated in the Ordinance. Administrator Eisenhauer confirmed that was a typo, and would be corrected prior to execution if approved by the Board.

Administrator Eisenhauer stated that the second challenge identified was when an establishment is sold. If during a development or redevelopment agreement an additional Liquor License is granted, and the total number within a Class is increased above the total authorized by the Board, then that extra Liquor License would be terminated upon the sale. By amending the current Village Code to allow the total number of licenses to remain above the limit, it would decrease the possibility of additional vacant properties within the Village.

Trustee Workman requested confirmation that the proposed Ordinance language would correct the probability of the suggested scenario from happening. Administrator Eisenhauer confirmed that it would.

Trustee Robertson questioned what would happen if a new owner of an establishment took longer than the 30-day window to get their Liquor License approved. Administrator Eisenhauer stated that he would elaborate more on this with the next portion of the proposed amendment.

Administrator Eisenhauer stated that the final portion of the proposed amendment would also decrease the possibility of additional vacant properties within the Village. Liquor Licenses are not transferable, and if a waiting list for that particular Liquor License Class is in effect, then the license would be offered via the waiting list protocol. By amending the current Village Code to allow a 30-day period for the new owner to apply for the Liquor License prior to being available to new applicants, it would increase the probability of success for the existing business.

Attorney Wesner added that the application was due within the 30-day window, which should allow ample time for the licensing process.

Trustee Robertson questioned if this scenario had happened in the past. Administrator Eisenhauer stated that it very likely could happen if this verbiage was not amended within the Village Code.

Administrator Eisenhower stated that the Liquor Advisory Committee met and approved of these requested changes.

Trustee Hall reported that during the prior Board consideration of this Liquor License Class, the verbiage was modified to what it is currently. Administrator Eisenhower stated he believes that was discussed during the development or redevelopment agreement verbiage change.

Clerks Note: The Board Meeting Minutes were reviewed from all Liquor License amendments, which provided no additional comments to shed light on the verbiage choice.

Ordinance to Readopt, Ratify, and Reaffirm the License, Permit, and Service Fees, and Administrative Penalties Schedule with Amendments.

Administrator Eisenhower stated that the schedule would need to be amended to add the rates for the Food Truck License fee, which was approved during the March Board Meeting, and the proposed Class GH Liquor License.

Fiscal Transfer of Funds for Negative Accounts.

Administrator Eisenhower stated that the transfer is less than a 24-hour switch ending the Fiscal Year 2024, and is moved back to the Fiscal Year 2025 budget for Auditing purposes to balance the finances.

These items will move forward to the Board Meeting for approval.

Items from Counsel

Attorney Wesner provided details of collection cases currently being handled by his office, including outstanding Microloan debt, and accidents involving damage to Village property.

- Midwest Preparatory Academy is in the process of getting caught up on payments.
- CCK Hospitality received a judgement against the individuals who own the business.
- Happy Dog received a judgement for the entire amount owed. The business equipment was not deducted due to the unknown value.
- Perry Johnson received a judgement for repayment of the loan.

Trustee Hall requested confirmation of one of the debts.

Trustee Weathersby questioned if the Board had access to the information. She added what the Village could do to support the small businesses. Attorney Wesner stated that he works with the individuals to come up with an individual plan for repayment.

Closed Session

Motion to enter into closed session pursuant to 5 ILCS 120/2 (C) 1, to consider the employment, compensation, discipline, performance, or dismissal of an employee.

Motion to enter into closed session pursuant to 5 ILCS 120/2 (C) 2, to consider collective negotiating matters between the public body and its employees or their representatives, or deliberations concerning salary schedules for one or more classes of employees.

Trustee Crider moved to enter into closed session pursuant to 5 ILCS 120/2 (C) 1 and 5 ILCS 120/2 (C) 2. Trustee Robertson seconded the motion.

On a Roll Call vote:

AYE: Crider, Hall, Workman, Weathersby, Wilson, Robertson

NAY: None

The motion carried 6 – 0

The Board entered into Closed Session at 7:21pm, and the Board returned to Open Session at 7:53pm.

Adjournment

There being no further business to come before the Board, Mayor Smith adjourned the meeting at 7:55pm.

Respectfully submitted,
Tana Ward, CMC
Deputy Village Clerk

I, Tana Ward, Deputy Village Clerk of the Village of Rantoul, Illinois, do hereby certify that the foregoing minutes are a true and correct copy of the Study Session of the Board of Trustees held on April 2, 2024 as the same appears on the records of the Village now in my custody and keeping.

ITEM: Motion to Authorize and Approve the Purchase of a Replacement 2018 Kenworth Water Truck for the Systems Collection Division from CIT Trucks, LLC in the Amount of \$49,908.00, with a \$1,000.00 Contingency	DEPARTMENT: Public Works
DATE: May 14, 2024	AMOUNT: <u>\$50,908.00 (not-to-exceed)</u> \$49,908.00 - Truck & Body \$1,000.00 - License/Title/Misc.
ATTACHMENTS: 1. 1993 Water Truck 2. 2018 Kenworth Water Truck	ADMINISTRATIVE NOTES:
SUMMARY HIGHLIGHTS: This Agenda Item provides for the approval to purchase a used Systems Collection Division – Water Truck, 2018 Kenworth T37 truck from CIT Trucks in the amount of \$49,908.00. This vehicle will replace the existing model year 1993 water truck. The frame is rusted through. The existing unit is no longer roadworthy. The Water Truck is used alongside the Vactor providing it with water for the operation, so the Vactor doesn't run out of water. A separate purchase will be made for the addition of a bed & tank. The lowest responsive quote was provided by CIT Trucks in the amount of \$49,908.00, plus the fees for the license and title. The unit comes with a one-year warranty. Funds were established in the Fiscal Year 2025 Budget for Wastewater Division vehicle replacements. 536-1180-430-75-40	
RECOMMENDED ACTION: Authorize the approval of the purchase of a used Systems Collection Division – Water Truck, 2018 Kenworth T37 truck from CIT Trucks in the amount of \$49,908.00. A \$1,000.00 contingency is requested to secure the municipal title, license and/or address any other miscellaneous expense.

AGENDA ITEM

ITEM: Motion to Authorize and Approve the Contract for Downtown Water and Wastewater Infrastructure Replacement Project Construction with SNC Construction, Inc, in the amount of \$1,488,282.02	DEPARTMENT: Community Development
DATE: May 14, 2024	AMOUNT: <u>Total - \$1,488,282.02</u> Water Fund - \$500,000.00 ARPA Allocation - \$988,282.02
ATTACHMENTS: 1. Bid Tabulation Summary	ADMINISTRATIVE NOTES:
SUMMARY HIGHLIGHTS: This item provides for the construction of Downtown Water & Wastewater Utility Infrastructure Replacements. The project will consist of complete replacement of all water and sanitary sewer mains and all water service lines and sanitary sewer laterals in the following area: Tanner Street between Champaign Avenue and Grove Avenue; and Garrard Street between Grove Avenue and the alley South of Sangamon Avenue; and in the alleys North and South of Sangamon Avenue between Kentucky and Garrard. The project was advertised for bid in April and bids were received and opened on May 3, 2024. A total of four (4) bids were received, and the bid tabulation is attached for reference. A low bid in the amount of \$1,488,282.02 was provided by SNC Construction Inc. Staff determined that this bid and bidder met all requirements, and thus this bid is being recommended for acceptance. The construction of this project would be paid for from the following: \$500,000.00 from the Water Fund (535) and \$988,282.02 from the Village Board approved allocation of the Village's ARPA funds that were previously allotted to this project. A \$45,000.00 contingency is also being requested in case any un-scoped unknowns are found as part of the work. It is anticipated that construction would start in June, and take a couple of months to complete. Once this utility infrastructure replacement work is complete, the next step	

would be to finalize the Downtown Streetscaping Plans and bid out the Streetscaping construction work, which would anticipate to happen late summer with that construction either in the fall or into spring of 2025.

RECOMMENDED ACTION: Board approval of a contract with SNC Construction, Inc in the amount of \$1,488,282.02 for construction of the Downtown water and wastewater infrastructure replacements, with an additional contingency of \$45,000.

THIS AGREEMENT IS MADE between the above Local Public Agency (LPA) and Consultant (ENGINEER) and covers certain professional engineering services in connection with the improvement of the above described project.

Since the services contemplated under the AGREEMENT are professional in nature, it is understood that the ENGINEER, acting as an individual, partnership, firm or legal entity, qualifies for professional status and will be governed by professional ethics in its relationship to the LPA. The LPA acknowledges the professional and ethical status of the ENGINEER by entering into an AGREEMENT on the basis of its qualifications and experience and determining its compensation by mutually satisfactory negotiations.

WHEREVER IN THIS AGREEMENT or attached exhibits the following terms are used, they shall be interpreted to mean:

Resident Construction Supervisor	Authorized representative of the LPA in immediate charge of the engineering details of the construction PROJECT
In Responsible Charge	A full time LPA employee authorized to administer inherently governmental PROJECT activities
Contractor	Company or Companies to which the construction contract was awarded

AGREEMENT EXHIBITS

The following EXHIBITS are attached hereto and made a part of hereof this AGREEMENT:

- ☒ EXHIBIT A: Scope of Services
- ☒ EXHIBIT B: Project Schedule
- ☒ EXHIBIT C: Qualification Based Selection (QBS) Checklist
- ☒ EXHIBIT D: Cost Estimate of Consultant (CECS) Services Worksheet (BLR 05513 or BLR 05514)
- ☐ EXHIBIT ____ : Direct Costs Check Sheet (attach BDE 436 when using Lump Sum on Specific Rate Compensation)

- ☐ _____

I. THE ENGINEER AGREES,

1. To perform or be responsible for the performance of the Scope of Services presented in EXHIBIT A for the LPA in connection with the proposed improvements herein before described.
2. The Classifications of the employees used in the work shall be consistent with the employee classifications and estimated staff hours. If higher-salaried personnel of the firm, including the Principal Engineer, perform services that are to be performed by lesser-salaried personnel, the wage rate billed for such services shall be commensurate with the payroll rate for the work performed.
3. That the ENGINEER shall be responsible for the accuracy of the work and shall promptly make necessary revisions or corrections required as a result of the ENGINEER'S error, omissions or negligent acts without additional compensation. Acceptance of work by the LPA will not relieve the ENGINEER of the responsibility to make subsequent correction of any such errors or omissions or the responsibility for clarifying ambiguities.
4. That the ENGINEER will comply with applicable Federal laws and regulations, State of Illinois Statutes, and the local laws or ordinances of the LPA.
5. To pay its subconsultants for satisfactory performance no later than 30 days from receipt of each payment from the LPA.
6. To invoice the LPA, The ENGINEER shall submit all invoices, based on the ENGINEER's progress reports, to the LPA employee In Responsible Charge, no more than once a month for partial payment on account for the ENGINEER's work to date. Such invoices shall represent the value, to the LPA of the partially completed work, based on the sum of the actual costs incurred, plus a percentage (equal to the percentage of the construction engineering completed) of the fixed fee for the fully completed work.
7. The ENGINEER or subconsultant shall not discriminate on the basis of race, color, national origin or sex in the performance of this AGREEMENT. The ENGINEER shall carry out applicable requirements of 49 CFR part 26 in the administration of US Department of Transportation (US DOT) assisted contract. Failure by the Engineer to carry out these requirements is a material breach of this AGREEMENT, which may result in the termination of this AGREEMENT or such other remedy as the LPA deems appropriate.
8. That none of the services to be furnished by the ENGINEER shall be sublet, assigned or transferred to any other party or parties without written consent of the LPA. The consent to sublet, assign or otherwise transfer any portion of the services to be furnished by the ENGINEER shall be construed to relieve the ENGINEER of any responsibility for the fulfillment of this AGREEMENT.

9. That engineering services shall include all equipment, instruments, supplies, transportation and personnel required to perform the duties of the ENGINEER in connection with this AGREEMENT (See DIRECT COST tab in BLR 05513 or BLR 05514).

II. THE LPA AGREES,

1. To certify by execution of this AGREEMENT that the selection of the ENGINEER was performed in accordance with the Professional Services Selection Act (50 ILCS 510) (Exhibit C).
2. To furnish the ENGINEER all presently available survey data, plans, specifications, and project information.
3. For Construction Engineering Contracts:
 - (a) To furnish a full time LPA employee to be In Responsible Charge authorized to administer inherently governmental PROJECT activities.
4. To pay the ENGINEER:
 - (a) For progressive payments - Upon receipt of monthly invoices from the ENGINEER and the approval thereof by the LPA, monthly payments for the work performed shall be due and payable to the ENGINEER, such payments to be equal to the value of the partially completed work minus all previous partial payments made to the ENGINEER.
 - (b) Final payment - Upon approval of the work by the LPA but not later than 60 days after the work is completed and reports have been made and accepted by the LPA and DEPARTMENT a sum of money equal to the basic fee as determined in this AGREEMENT less the total of the amount of partial payments previously paid to the ENGINEER shall be due and payable to the ENGINEER.
 - (c) For Non-Federal County Projects - (605 ILCS 5/5-409)
 - (1) For progressive payments - Upon receipt of monthly invoices from the ENGINEER and the approval thereof by the LPA, monthly payments for the work performed shall be due and payable to the ENGINEER. Such payments to be equal to the value of the partially completed work in all previous partial payments made to the ENGINEER.
 - (2) Final payment - Upon approval of the work by the LPA but not later than 60 days after the work is completed and reports have been made and accepted by the LPA and STATE, a sum of money equal to the basic fee as determined in the AGREEMENT less the total of the amount of partial payments previously paid to the ENGINEER shall be due and payable to the ENGINEER.
5. To pay the ENGINEER as compensation for all services rendered in accordance with the AGREEMENT on the basis of the following compensation method as discussed in 5-5.10 of the BLR Manual.
Method of Compensation:

☐ Percent

☐ Lump Sum

☐ Specific Rate

☒ Cost plus Fixed Fee:

Fixed

Total Compensation = DL + DC + OH + FF

Where:

DL is the total Direct Labor,

DC is the total Direct Cost,

OH is the firm's overhead rate applied to their DL and

FF is the Fixed Fee.

Where $FF = (0.33 + R) DL + \%SubDL$, where R is the advertised Complexity Factor and %SubDL is 10% profit allowed on the direct labor of the subconsultants.

The Fixed Fee cannot exceed 15% of the DL + OH.

Field Office Overhead Rates: Field rates must be used for construction engineering projects expected to exceed one year in duration or if the construction engineering contract exceeds \$1,000,000 for any project duration.

6. The recipient shall not discriminate on the basis of race, color, national origin or sex in the award and performance of any US DOT-assisted contract or in the administration of its DBE program or the requirements of 49 CFR part 26. The recipient shall take all necessary and reasonable steps under 49 CFR part 26 to ensure nondiscrimination in the award and administration of US DOT-assisted contracts. The recipient's DBE program, as required by 49 CFR part 26 and as approved by US DOT, is incorporated by reference in this agreement. Implementation of this program is a legal obligation and failure to carry out its terms shall be treated as violation of this AGREEMENT. Upon notification to the recipient of its failure to carry out its approved program, the Department may impose sanctions as provided for under part 26 and may, in appropriate cases, refer the matter for

III. IT IS MUTUALLY AGREED,

1. To maintain, for a minimum of 3 years after the completion of the contract, adequate books, records and supporting documents to verify the amount, recipients and uses of all disbursements of funds passing in conjunction with the contract; the contract and all books, records and supporting documents related to the contract shall be available for review and audit by the LPA.
2. That the ENGINEER shall be responsible for any and all damages to property or persons arising out of an error, omission and/or negligent act in the prosecution of the ENGINEER's work and shall indemnify and save harmless the LPA, and their officers, agents and employees from all suits, claims, actions or damages liabilities, costs or damages of any nature whatsoever resulting there from. These indemnities shall not be limited by the listing of any insurance policy.
The LPA will notify the ENGINEER of any error or omission believed by the LPA to be caused by the negligence of the ENGINEER as soon as practicable after the discovery. The LPA reserves the right to take immediate action to remedy any error or omission if notification is not successful; if the ENGINEER fails to reply to a notification; or if the conditions created by the error or omission are in need of urgent correction to avoid accumulation of additional construction costs or damages to property and reasonable notice is not practicable.
3. This AGREEMENT may be terminated by the LPA upon giving notice in writing to the ENGINEER at the ENGINEER's last known post office address. Upon such termination, the ENGINEER shall cause to be delivered to the LPA all drawings, plats, surveys, reports, permits, agreements, soils and foundation analysis, provisions, specifications, partial and completed estimates and data if any from soil survey and subsurface investigation with the understanding that all such materials becomes the property of the LPA. The LPA will be responsible for reimbursement of all eligible expenses incurred under the terms of this AGREEMENT up to the date of the written notice of termination.
4. This AGREEMENT shall continue as an open contract and the obligations created herein shall remain in full force and effect until the completion of construction of any phase of professional services performed by others based upon the service provided herein. All obligations of the ENGINEER accepted under this AGREEMENT shall cease if construction or subsequent professional services are not commenced within 5 years after final payment by the LPA.
5. The ENGINEER and LPA certify that their respective firm or agency:
 - (a) has not employed or retained for commission, percentage, brokerage, contingent fee or other considerations, any firm or person (other than a bona fide employee working solely for the LPA or the ENGINEER) to solicit or secure this AGREEMENT,
 - (b) has not agreed, as an express or implied condition for obtaining this AGREEMENT, to employ or retain the services of any firm or person in connection with carrying out the AGREEMENT or
 - (c) has not paid, or agreed to pay any firm, organization or person (other than a bona fide employee working solely for the LPA or the ENGINEER) any fee, contribution, donation or consideration of any kind for, or in connection with, procuring or carrying out the AGREEMENT.
 - (d) that neither the ENGINEER nor the LPA is/are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from covered transactions by any Federal department or agency,
 - (e) has not within a three-year period preceding the AGREEMENT been convicted of or had a civil judgment rendered against them for commission of fraud or criminal offense in connection with obtaining, attempting to obtain or performing a public (Federal, State or local) transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property.
 - (f) are not presently indicated for or otherwise criminally or civilly charged by a government entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (e) and
 - (g) has not within a three-year period preceding this AGREEMENT had one or more public transaction (Federal, State, local) terminated for cause or default.
 - State,
 - (h) local) terminated for cause or default.

6. In the event of delays due to unforeseeable causes beyond the control of and without fault or negligence of the ENGINEER no

claim for damages shall be made by either party. Termination of the AGREEMENT or adjustment of the fee for the remaining services may be requested by either party if the overall delay from the unforeseen causes prevents completion of the work within six months after the specified completion date. Examples of unforeseen causes included but are not limited to: acts of God or a public enemy; acts of the LPA, DEPARTMENT < or other approving party not resulting from the ENGINEER's unacceptable services; fire; strikes; and floods.

If delays occur due to any cause preventing compliance with the PROJECT SCHEDULE, the ENGINEER shall apply in writing to the LPA for an extension of time. If approved, the PROJECT SCHEDULE shall be revised accordingly.

7. This certification is required by the Drug Free Workplace Act (30 ILCS 580). The Drug Free Workplace Act requires that no grantee or contractor shall receive a grant or be considered for the purpose of being awarded a contract for the procurement of any property or service from the DEPARTMENT unless that grantee or contractor will provide a drug free workplace. False certification or violation of the certification may result in sanctions including, but not limited to suspension of contract or grant payments, termination of a contract or grant and debarment of the contracting or grant opportunities with the DEPARTMENT for at least one (1) year but not more than (5) years.

For the purpose of this certification, "grantee" or "Contractor" means a corporation, partnership or an entity with twenty-five (25) or more employees at the time of issuing the grant or a department, division or other unit thereof, directly responsible for the specific performance under contract or grant of \$5,000 or more from the LPA, as defined the Act.

The contractor/grantee certifies and agrees that it will provide a drug free workplace by:

- (a) Publishing a statement:
 - (1) Notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance, including cannabis, is prohibited in the grantee's or contractor's workplace.
 - (2) Specifying the actions that will be taken against employees for violations of such prohibition.
 - (3) Notifying the employee that, as a condition of employment on such contract or grant, the employee will:
 - (a) abide by the terms of the statement; and
 - (b) notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction.
- (b) Establishing a drug free awareness program to inform employees about:
 - (1) The dangers of drug abuse in the workplace;
 - (2) The grantee's or contractor's policy to maintain a drug free workplace;
 - (3) Any available drug counseling, rehabilitation and employee assistance program; and
 - (4) The penalties that may be imposed upon an employee for drug violations.
- (c) Providing a copy of the statement required by subparagraph (a) to each employee engaged in the performance of the contract or grant and to post the statement in a prominent place in the workplace.
- (d) Notifying the contracting or granting agency within ten (10) days after receiving notice under part (b) paragraph (3) of subsection (a) above from an employee or otherwise receiving actual notice of such conviction.
- (e) Imposing a sanction on, or requiring the satisfactory participation in a drug abuse assistance or rehabilitation program.
- (f) Assisting employees in selecting a course of action in the event drug counseling, treatment and rehabilitation is required and indicating that a trained referral team is in place.

Making a good faith effort to continue to maintain a drug free workplace through implementation of the Drug Free Workplace Act, the ENGINEER, LPA agree to meet the PROJECT SCHEDULE outlined in EXHIBIT B. Time is of the essence on this project and the ENGINEER's ability to meet the PROJECT SCHEDULE will be a factor in the LPA selecting the ENGINEER for future projects. The ENGINEER will submit progress reports with each invoice showing work that was completed during the last reporting period and work they expect to accomplish during the following period.

- 8 Due to the physical location of the project, certain work classifications may be subject to the Prevailing Wage Act (820 ILCS 130/0.01 et seq).

9. For Construction Engineering Contracts:

- (a) That all services are to be furnished as required by construction progress and as determined by the LPA employee In Responsible Charge. The ENGINEER shall complete all services herein within a time considered reasonable to the LPA, after the CONTRACTOR has completed the construction contract.
- (b) That all field notes, test records and reports shall be turned over to and become the property of the LPA and that during the performance of the engineering services herein provided for, the ENGINEER shall be responsible for any loss or damage to the documents herein enumerated while they are in the ENGINEER's possession and any such loss or damage shall be restored at the ENGINEER's expense.
- (c) That any difference between the ENGINEER and the LPA concerning the interpretation of the provisions of this AGREEMENT shall be referred to a committee of disinterested parties consisting of one member appointed by the ENGINEER, one member appointed by the LPA, and a third member appointed by the two other members for disposition and that the committee's decision shall be final.
- (d) That in the event that engineering and inspection services to be furnished and performed by the LPA (including personnel furnished by the ENGINEER) shall, in the opinion of the STATE be incompetent employed on such work at the expense of the LPA.
- (e) Inspection of all materials when inspection is not provided a the sources by the STATE Central Bureau of Materials, and submit inspection reports to the LPA and STATE in accordance with the STATE Central Bureau of Materials "Project Procedures Guide" and the policies of the STATE.

AGENDA ITEM

ITEM: Motion to Authorize and Approve the Contract for Reconstruction and Enlargement of Garage Bay Doors at the Fleet Maintenance Shop with Mid IL Concrete & Excavation in the amount of \$72,690.00, with a \$7,310.00 Contingency Fund	DEPARTMENT: Recreation
DATE: May 14, 2024	AMOUNT: \$80,000.00
ATTACHMENTS: 1. Published Invitation for Bid 2. Bid Tabulation Summary 042624 3. Mid IL Concrete & Excavation Bid 4. 2016 Reconstruction Project A 5. 2016 Reconstruction Project B 6. 2016 Reconstruction Project C	ADMINISTRATIVE NOTES:
SUMMARY HIGHLIGHTS: This agenda item is requesting approval for reconstruction and enlargement of the overhead door opening at our Fleet Maintenance shop to accommodate all Village fleet. The goal of this reconstruction is to demo 2 single bay door openings, and convert this opening into one single opening with increased width and height. In 2016, we performed reconstruction on the west side of the building, which has allowed us to pull large pieces of equipment into the shop. With the completion of this secondary phase on the east side, we will now be able to pull into the shop and pull thru. This will also allow us to pull thru all large pieces of equipment like fire trucks, backhoes, and snow plow equipment without having to back them out and run the risk of an accident. Within your Board packet I have included three pictures of the 2016 reconstruction for reference. An invitation for bid was published on March 14, 2024, and the bid packet is included in the board packet. We received two bids, and the bid tabulation form is included in your Board packet. Mid IL Concrete & Excavation provided the low bid in the amount of \$72,690.00. A contingency of \$7,310.00 is being requested for unforeseen construction issues that may arise. This item is included in the Fiscal Year 2025 Budget.	

RECOMMENDED ACTION: Requesting approval of a construction contract with Mid IL Concrete & Excavation in the amount of \$72,690.00 and approval of \$7,310.00 in contingency funds for a total dollar amount of \$80,000.00.

INVITATION FOR BID FOR ENLARGEMENT OF GARAGE BAY DOORS
VRNTL-24-B-01

1. Requesting Entity.

This Invitation for Bid (IFB) is made by the Village of Rantoul, Champaign County, Illinois, having its principal office located in the Municipal Building, 333 S. Tanner Street, Rantoul, Illinois 61866. All inquiries for clarification of this IFB and all requests to inspect the facilities and operations in connection with the work to be provided under this IFB shall be made to the one of the following below:

Luke A. Humphrey
Recreation Director
Tel: 217-893-5700
Email: lhumphrey@myrantoul.com

2. Standard Terminology.

For convenience of reference, the words, terms and phrases defined below and elsewhere in this IFB shall have the meanings respectively ascribed to them for all purposes of this IFB and the bid, including as follows:

“Village” means the Village of Rantoul, Champaign County, Illinois.

“Contractor” means the prospective contractor, which includes any subcontractor, consultant, firm, offerer, proposer or vendor who submits a Proposal in connection with this IFB.

“Project” means to supply all materials and labor to convert two (2) existing garage bay door openings into one (1) larger bay door openings at the Village of Rantoul Central Maintenance Garage, located at 100 E. Flessner Ave., Rantoul, IL.

“Work” means enlargement of the garage bay doors by the Contractor in connection with the Project under and pursuant to the Contract Documents specified in part 4 of this IFB below, and any related labor, parts, materials, supplies and equipment, together with the submission of any and all documents, instruments and certificates required to be submitted thereunder.

3. Purpose of Request.

The Village has determined to proceed with the Project and to invite bids from prospective contractors to undertake the Work, which is to be commenced within fourteen (14) calendar days after the Construction Contract is awarded by the Village and completed within a period not greater than sixty (90) calendar days thereafter, such Work being more particularly described in the Scope of Work included in the Contract Documents specified below.

4. Contract Documents.

The Contract Documents include the following, complete copies of which are included with and are a part of this IFB:

- (1) Scope of Work, including project outline, building exterior details, & steel panel notes.
- (2) Champaign County prevailing wage rates
- (3) Prevailing wage rate requirements
- (4) Minimum Insurance requirements
- (5) General Terms and Conditions (Construction Contract), and
- (6) Bid Form.

The Contract Documents include expressly or by reference all requirements specified in this IFB and all elements to be included in the Contractor's proposal. All Contractors are expected to thoroughly examine and be familiar with all the terms, conditions and obligations of the Contractor under all of the Contract Documents. Should a Contractor find discrepancies in or omissions from any part of the Contract Documents or be in doubt as to the meaning of any provision thereof, such questions should be submitted in writing at least five (5) days prior to the Due Date, as specified below, for submission to the Recreation Director of the Village identified in part 1 above. Answers to questions of any substantial nature will be emailed to each Contractor to whom an IFB is given in the form of an Addendum to this IFB.

Each Contractor shall have visited the site and facilities of the Project upon which the Work under the Contract Documents is to be performed in order to be fully acquainted with the conditions and fully understand any difficulty or restriction in connection with the performance of the Work under the Contract Documents and in order to verify any representation made by the Village upon which the Contractor may rely. If the Contractor receives an award as a result of submitting a bid, any failure to have made such investigation or examination will in no way relieve the Contractor from its obligation to comply in every detail with the provisions of this IFB and the Contract Documents.

As and to the extent required by the Prevailing Wage Act (820 ILCS 130/0.01 et seq.), each Contractor shall be obligated to pay not less than the prevailing rate of hourly wages to all laborers, workers and mechanics employed by the Contractor or any subcontractor in connection with any of the Work. The most recently revised prevailing rate of wages, as determined by the Department of Labor of the State of Illinois can be found at <https://labor.illinois.gov/content/dam/soi/en/web/idol/laws-rules/conmed/documents/fy24/20240125/Champaign.pdf> Contractor will be obligated to comply with all regulations of the State of Illinois prevailing wage act.

5. Bid Form.

All bids must be submitted on the Bid Form included herewith without deletions or any changes. All bids and accompanying data must be submitted in conformity with, be

based upon, and be subject in all respects to all the terms, conditions and obligations of the proposed Contract Documents. The Village reserves the right to waive minor defects or variations from the exact requirements of this IFB and the Bid Form. If insufficient information is submitted by any Contractor to properly evaluate any bid submitted, the Village further reserves the right to request such additional information as it may deem necessary.

6. **Number of Bids.**

An original and at least one (1) copy of the bid shall be submitted along with one (1) copy of additional documentation, if any. The original together with each copy of such bid shall be securely bound and submitted together as a package in a sealed envelope clearly identified on the outside of such envelope with the words “**VRNTL-24-B-01 ENLARGEMENT OF GARAGE BAY DOORS**”. Each such submittal shall show the name, address, telephone and telefax numbers and e-mail address of the Contractor submitting the bid.

7. **Bid Form Due Date.**

Any Bid Form shall be submitted no later than 10 A.M. on Friday, April 26, 2024 (the “**Due Date**”). Any Bid Form not submitted by a Contractor by such Due Date may be considered nonresponsive and may, at the discretion of the Village, not be considered. Bid opening will occur immediately after the closing time and will take place in the conference room of the Municipal building located at 333 S. Tanner St, Rantoul IL.

8. **Place of Submission.**

All Proposals shall be submitted to the Village of Rantoul, Luke Humphrey, Recreation Director, 333 S. Tanner Street, Rantoul, IL 61866.

9. **Bid Guarantee.**

Any bid submitted in response to this IFB shall be irrevocable for a period of sixty (60) days from and after the Due Date of this IFB and may not be withdrawn by any Contractor during such period. After such period of sixty (60) days, the bid may be withdrawn by any Contractor at such Contractor’s request if such Contractor’s proposal has not been selected prior to any such request to withdraw.

10. **Bid Security.**

Any Bid Form submitted in response to this IFB shall be accompanied with a Bid/Proposal Bond secured by a cashier’s or certified check or by a surety licensed to do business in the State of Illinois in an amount equal to 10% of the amount set forth by the Contractor in the Bid Form for the performance of the Work, as specified in the Scope of Work under the Contract Documents. Such security, whether secured by a check or surety, shall be executed on the form of the applicable Bid/Proposal Bond provided with the Bid Form. Any security deposited by the successful Contractor shall be retained or drawn on as liquidated damages in the event that such Contractor fails to deliver fully

executed Contract Documents, performance and payment security, and certificates of insurance to the Village within ten (10) calendar days from the date the Village sends to the successful Contractor a notice of award or fails to deliver any certificates, licenses, permits or other documents within such time and manner as may be specified in the Contract Documents prior to commencing any other Work thereunder. By submission of a Bid Form, the Contractor agrees to the reasonableness of the amount of the Bid/Proposal Bond as liquidated damages. Such security will be returned upon the execution of the Demolition Contract with another Contractor who may be selected by the Village, the withdrawal of this IFB by the Village, or the withdrawal of the bid contained in the Bid Form by the Contractor if allowed by this IFB.

11. Evaluation Criteria.

An award of the Contract shall be made to the lowest responsible bid as determined in the sole discretion of the Village. In determining the lowest responsible bid, the Village may consider the following as well as other relevant criteria:

- (A) The ability, capacity and skill of the Contractor to undertake the Work required;
- (B) The capacity of the Contractor to perform the Work promptly or within the time specified, without delay or interference;
- (C) The character, integrity, reputation, judgment, experience and efficiency of the Contractor including, but not limited to, past performance defaults; whether or not such defaults were with the Village; competency; or failure to pay or satisfactorily settle all claims due for labor and material;
- (D) The quality of performance by the Contractor on any previous work;
- (E) The previous and existing compliance by the Contractor with laws and ordinances relating to any previous work;
- (F) The sufficiency of the financial resources and financial ability of the Contractor to undertake the Work;
- (G) The number and scope of any conditions made a part of the bid by the Contractor;
- (H) The Contractor's record of payments for taxes, licenses or other monies due the Village; and
- (I) Whether the Contractor is a Local Vendor (i.e., a vendor having a place of business which employs at least one (1) permanent employee at a location determined in the following order of priority: (a) the Village; (b) Champaign County; or (c) the State of Illinois) and entitled to preference as set forth below. For any bid of five thousand dollars (\$5,000.00) or more, the Local Vendor determined to have the highest priority among other Local Vendors, if any, shall have preference and shall be considered to be the lowest responsible bidder if each of the following conditions are met: (i) any such Local Vendor is a responsible bidder; and (ii) the bid of any such Local Vendor is not greater than the lowest bid submitted by a responsible bidder by more than two percent

(2%) or two thousand dollars (\$2,000.00), whichever is less. This Local Vendor preference shall not be applicable, however, if any federal or state funding source prohibits any such application in connection with any such Work under any applicable law, rule or regulation.

In connection with any such evaluation by the Village, any Contractor may be invited to submit more detailed information, to make oral presentations, or both. The Village may make any reasonable investigation deemed necessary and proper to determine the ability of the Contractor to perform the Work, and the Contractor shall furnish to the Village all information for this purpose that may be reasonably requested. The Village reserves the right to accept or to reject any or all bids, or any part thereof, received from any Contractor in connection with this IFB for any reason.

12. **Insurance.**

The successful Contractor shall deliver to the Village certificates of policies of insurance evidencing the Minimum Insurance Requirements attached to and made a part of the Construction Contract as required by Sections 5.02, 5.03 and 5.04 of General Terms and Conditions (Construction Contract) at or before the time of the execution and delivery of the Contract Documents and before the Contractor commences any other Work there under.

13. **Taxes.**

The Village is exempt from sales taxes imposed by the State of Illinois and from federal excise taxes.

14. **Acceptance of Bid**

The contents of the bid or such parts thereof as may be accepted by the Village will become a contractual obligation of the Contractor and will be incorporated into the final Contract Documents.

Explanations CHAMPAIGN COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

Oil and chip resealing (O&C) means the application of road oils and liquid asphalt to coat an existing road surface, followed by application of aggregate chips or gravel to coated surface, and subsequent rolling of material to seal the surface.

EXPLANATION OF CLASSES

ASBESTOS - GENERAL - removal of asbestos material/mold and hazardous materials from any place in a building, including mechanical systems where those mechanical systems are to be removed. This includes the removal of asbestos materials/mold and hazardous materials from ductwork or pipes in a building when the building is to be demolished at the time or at some close future date.

ASBESTOS - MECHANICAL - removal of asbestos material from mechanical systems, such as pipes, ducts, and boilers, where the mechanical systems are to remain.

CERAMIC TILE FINISHER, MARBLE FINISHER, TERRAZZO FINISHER

Assisting, helping or supporting the tile, marble and terrazzo mechanic by performing their historic and traditional work assignments required to complete the proper installation of the work covered by said crafts. The term "Ceramic" is used for

Champaign County Prevailing Wage Rates posted on 3/4/2024

naming the classification only and is in no way a limitation of the product handled. Ceramic takes into consideration most hard tiles.

Other Classifications of Work:

For definitions of classifications not otherwise set out, the Department generally has on file such definitions which are available. If a task to be performed is not subject to one of the classifications of pay set out, the Department will upon being contacted state which neighboring county has such a classification and provide such rate, such rate being deemed to exist by reference in this document. If no neighboring county rate applies to the task, the Department shall undertake a special determination, such special determination being then deemed to have existed under this determination. If a project requires these, or any classification not listed, please contact IDOL at 217-782-1710 for wage rates or clarifications.

LANDSCAPING

Landscaping work falls under the existing classifications for laborer, operating engineer and truck driver. The work performed by landscape plantsman and landscape laborer is covered by the existing classification of laborer. The work performed by landscape operators (regardless of equipment used or its size) is covered by the classifications of operating engineer. The work performed by landscape truck drivers (regardless of size of truck driven) is covered by the classifications of truck driver.

To Village of Rantoul Contractors:

Payment of Prevailing Wage

- . The Prevailing Wage Act (“Act”) 820 ILCS Section 130/0.01, et seq, requires that all laborers, workers and mechanics employed by or on behalf of a public body in the construction of public works be paid the general prevailing rate of hourly wages (including allotments for training and approved apprenticeship programs, health and welfare, insurance, vacation and pension benefits) for work of a similar character in the locality in which the work is performed. See 820 ILCS & 130/3. The Act contains all relevant definitions, including those for the terms “public body”, “public works” and “general prevailing rate of hourly wages”, which will assist you in understanding its requirements and your responsibilities. See 820 ILCS & 130/2.
- . The Illinois Department of Labor publishes the current prevailing wage rate. See <http://www.state.il.us/agency/idol/rates/rates.htm>. The rate is revised regularly and such revisions take effect immediately.
- . Contractors and subcontractors must insert a provision or stipulation regarding the payment of the prevailing wage rate into every public works project and bid specification, subcontract, and contractor’s bond. See 820 ILCS & 130/4 (b), (c).
- . Contractors or construction managers who have been awarded public works contracts must post the relevant prevailing wage rate(s) at a location on the project site that is easily accessible by workers. See 820 ILCS & 130/4(f).

Record-Keeping Responsibilities

- . All contractors and subcontractors must create, and keep for at least three years, records of all laborers, mechanics, and other workers employed by them on a public works project. See 820 ILCS & 130/5(a)(1).
- . These records must include each worker's name, address, telephone number (if available), social security number, classification(s), hourly wages paid in each pay period, number of hours worked each day, and the starting and ending times of each work day. Each contractor and subcontractor is required to make these records available for inspection by the public body's agents or Illinois Department of Labor officials at a reasonable time and place upon seven business days notice. See 820 ILCS & 130/5(a)(1), (b).

Certified Payroll Records

- . A contractor or subcontractor participating in a public works project must also submit a Certified Payroll **to the public body** every month. This Certified Payroll must consist of a complete copy of the records required to be kept under Section 5(a)(1) of the Act, discussed above (with the exception of daily work starting and ending times). See 820 ILCS & 130/5(a)(2).
- . The monthly Certified Payroll shall also include a statement signed by the contractor or subcontractor submitting that: (1) the records are true and accurate; (2) the hourly rate paid to each worker is not less than the general prevailing wage rate required; and (3) the contractor or subcontractor is aware that filing a Certified Payroll that he or she knows to be false is a class B misdemeanor. See 820 ILCS & 130/5(a)(2).
- . The Act requires that a public body shall keep all Certified Payrolls submitted pursuant to the Act for at least three years. See 820 ILCS & 130/5(a)(2). The retention of these monthly Certified Payroll submissions for three years by public bodies is crucial to the State of Illinois' efforts to enforce the Act and will be of particular interest to the Attorney General's office in the coming months.

Failure to Comply With The Act's Requirements

- . No public works project may be instituted unless the provisions of the Act have been met. The Illinois Department of Labor is empowered to sue for injunctive relief against the awarding of any public works contract, or continuation of work under any such contract, if it is not in compliance with the Act's prerequisites. Contracts that are not in compliance with the Act's prerequisites are void as against public policy.
See 820 ILCS & 130/11.

Please note that this is not a complete list of all relevant requirements and prerequisites under the Act. For a full understanding of all of the Act's requirements and prerequisites, as well as the text of the Act and all related regulations, please see the Illinois Department of Labor's website at www.state.il.us/agency/idol/laws/Law130.htm.

GENERAL TERMS AND CONDITIONS **(CONSTRUCTION CONTRACT)**

I.

DEFINITIONS AND GENERAL REPRESENTATIONS

Section 1.01. Definitions. Unless the context hereof clearly indicates otherwise, the capitalized words, terms and phrases defined in the Construction Contract, by and between the Village and the Contractor, and otherwise herein shall have the same meanings for all purposes of these General Terms and Conditions. In addition, in all cases under the Contract Documents, the singular includes the plural, the plural includes the singular and a reference to any gender includes both genders and the neuter, as the case may be.

Section 1.02. General Representations. The Village and the Contractor, as applicable, each hereby represents and warrants to the other that (i) each has the power and authority to enter into and perform its obligations and undertakings under the Contract Documents according to their respective terms and provisions, (ii) each has duly authorized the execution and delivery of the Contract, including the other related Contract Documents, (iii) neither the Construction Contract, including the other related Contract Documents, nor any of the respective terms and provisions thereof, contravene or constitute a default under or violation of any other agreement, instrument or indenture or any requirement of law, as the same concern them, respectively; and (iv) there is no action, suit, proceeding or investigation, at law or in equity, or before or by any public board or body, pending, or to the knowledge of the Village or the Contractor threatened, against or affecting either of them, respectively, wherein an unfavorable decision, ruling or finding would adversely affect the transactions contemplated by the Contract Documents or which would materially affect their respective abilities to comply with the terms of the Contract Documents and incidental and related documents and other instruments.

II.

CONTRACTOR OBLIGATIONS

Section 2.01. Limitation of Cost. If the Contractor has agreed to perform the Work specified and complete all obligations under the Contract Documents within a not to exceed dollar amount specified under the Contract Documents for the Work (including a dollar amount for each phase of the Work, if such Work is to be completed in one or more phases) during the Contract Term, the Contractor agrees to notify the Village in writing no later than when the amounts billable under the Contract Documents reach ninety percent (90%) of the dollar amount, if any, actually specified for the Work (including the dollar amount for any applicable phase of the Work, if any such Work is to be completed in one or more phases) during the Contract Term. The Contractor will include in such notice an estimate of the amount required to complete the Work (including the dollar amount for any applicable phase of the Work, if any such Work is to be completed in one or more phases) for the remainder of the applicable period of the Contract Term. The Village will not be obligated to reimburse the Contractor for billing in excess of the not to exceed amount, if any, set forth in the Contract Documents for the Work (including the dollar amount for each phase of the Work, if any such Work is to be completed in one or more phases) during the Contract Term, unless such increased costs are (1) due to a change in the Scope of Work identified prior to performance of the Work and as otherwise specified in Section 2.02 below or (2) identified after initiation of the Work but prior to expenditure and covered by an amendment to the not to exceed dollar amount, if

any, specified for the Work (including the dollar amount for any applicable phase of the Work, if any such Work is to be completed in one or more phases) during the Contract Term that increases such amount.

Section 2.02. Change in Scope of Work. The Village may order changes in the Scope of Work consisting of additions, deletions, or other revisions within the general scope of the Work to be provided by the Contractor under the Contract Documents (collectively, a “**Change Order**”). No claims may be made by the Contractor that the Scope of Work or the Contractor’s construction work has or have been changed so as to require any increase in the amount of compensation to the Contractor or other adjustment to the Contract Documents, unless any such Change Order has been made in writing and signed by both the Village and the Contractor.

If the Contractor believes that any particular Change Order is not within the Scope of Work, is a material change, or will otherwise require more compensation to the Contractor, the Contractor must immediately notify the Village in writing of any such claim or dispute. If the Village believes that the particular Work is within the Scope of Work under the Contract Documents as written, the Contractor will be ordered to and shall continue with the Work as changed and at the cost stated for the Work under the Contract Documents as written. Any Contractor ordered to proceed with such Work is not prohibited from filing a claim or dispute against the Village as a result of any Change Order to the Scope of Work. This Section 2.02 only requires that such Work proceed while any such claim or dispute between the Contractor and the Village in connection therewith is being resolved in accordance with Section 6.04 hereof.

Section 2.03. Subcontractors and Suppliers. The Contractor shall furnish to the Village a written list of all proposed subcontractors and suppliers and the nature of the Work being subcontracted or supplied prior to commencing any Work under the Contract Documents. The Village will promptly reply to the Contractor in writing stating whether or not the Village, after due investigation, has any objection to any such proposed subcontractor or supplier. The Contractor shall not employ any subcontractor or supplier against whom the Village may have reasonable objection. No substitution or change shall be made by the Contractor to such subcontractor and supplier list after its submission to the Village without prior written approval by Village. All Work performed for the Contractor by any subcontractor will be pursuant to an appropriate written agreement which specifically binds the subcontractor to the applicable terms and conditions of the Contract Documents, but no contractual relationship shall exist between any subcontractor and Village unless the Contract Documents are terminated and the Village, in writing, elects to assume any such subcontract. Upon request, the Contractor shall provide copies of any subcontracts and purchase orders to the Village. The Contractor hereby assigns to the Village and its assigns all its interest in any subcontracts and purchase orders now existing or hereinafter entered into by Contractor for performance of any part of the Work, which assignment will be effective upon termination of the Contract Documents by the Village in any manner as provided in the Contract Documents but only as to those subcontracts and purchase orders which the Village may elect to assume in writing. All subcontracts and purchase orders shall provide that documents or instruments are freely assignable by Contractor to the Village and its assigns. Such assignment is part of the consideration from the Village for entering into the Contract Documents with the Contractor and may not be withdrawn prior to the end of the Contract Term or any extension thereof.

Section 2.04. Contractor Personnel and Subcontractors. The day-to-day supervision and control of the Contractor's employees, agents and subcontractors is the responsibility solely of the Contractor. The Contractor covenants and agrees to be fully responsible to the Village for any acts or omissions of its employees, agents or subcontractors or any other person employed by any of them. Nothing contained in any of the Contract Documents shall create or impose any contractual relationship between any of the Contractor's employees, agents or subcontractors and the Village.

Section 2.05. Safety and Protection. The Contractor shall be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the Work. The Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury or loss to: (i) all persons on the site of the Work or who may be affected by the Work; (ii) all the Work and all parts, materials, supplies and equipment to be used in connection therewith, whether in storage on or off the site of the Work; and (iii) other property at the site of the Work or adjacent thereto, including any building, any building improvements, personal property, trees, shrubs, lawns, walks, pavements, roadways, structures, utilities and underground facilities not otherwise designated for demolition, removal, relocation or replacement by the Village. The Contractor shall comply with all applicable laws, rules, ordinances, codes and regulations of any public body having jurisdiction for safety of persons or property or to protect them from damage, injury or loss; and shall erect and maintain all necessary safeguards for such safety and protection. The Contractor shall notify any owner of adjacent property and of underground facilities and any utility owners when prosecution of the Work may affect any of them, and shall cooperate with them in the protection, removal, relocation and replacement of any of their respective property.

Section 2.06. Quality Control. The Contractor shall institute and maintain throughout the Contract Term a properly documented quality control program designed to ensure that the Work is provided at all times and in all respects in accordance with the Contract Documents. Such program shall include providing daily supervision and conducting frequent inspections of the Contractor's employees, agents and subcontractors and ensuring that accurate records are maintained describing the disposition of all complaints. The records so created shall be open to inspection by the Village in accordance with Section 7.02 hereof.

Section 2.07. Change in Conditions. The Contractor shall promptly notify the Village of any legal impediment, change of circumstances, pending litigation, or any other event or condition that may adversely affect the Contractor's ability to carry out any of its obligations under the Contract Documents.

III.

PROJECT AND PROJECT SITE

Section 3.01. Project. It is the intent of the Contract Documents to describe a functionally complete Project (or part thereof) to be constructed in accordance with the Contract Documents. Any Work, including any labor, parts, materials, supplies and equipment, that may reasonably be inferred from the Contract Documents or from prevailing custom or trade usage as being required to produce the intended result are required to be furnished and performed by the Contractor whether or not specifically called for in any of the Contract Documents.

Section 3.02. Project Site. The Village shall furnish or otherwise make available to the Contractor the site upon which the Work is to be performed, together with rights-of-way and easements for access thereto (the “**Project Site**”). If any unknown physical condition of an unusual nature which differs materially from conditions ordinarily encountered or generally recognized as inherent in the Work provided for in the Contract Documents, or of any Hazardous Substances (as defined in Section 4.09 hereof) are uncovered or revealed at the Project Site which were not shown, indicated or identified in the Scope of Work or any of the other Contract Documents, the Contractor shall, immediately after becoming aware thereof and before further disturbing conditions affected thereby or performing any Work in connection therewith, notify the Village and thereafter confirm such notice in writing. The Village will promptly review the pertinent conditions, determine the necessity of obtaining additional tests or exploration with respect thereto, and either issue a Change Order as provided in Section 2.03 hereof in connection with an unknown physical condition or take corrective action in connection with any Hazardous Substances revealed at the Project Site. The Village shall not be responsible for any physical condition upon the Project Site caused by, or for any Hazardous Substances brought to the Project Site by, the Contractor, or any of its subcontractors, suppliers, agents or anyone else for whom the Contractor is responsible.

IV.

APPLICABLE LAWS AND REGULATIONS

Section 4.01. Applicable Law. The Contract Documents shall be governed in all respects by and construed in accordance with the laws of the State of Illinois, and any litigation with respect thereto shall be brought in the Circuit Court of the State of Illinois located in Champaign County.

Section 4.02. Compliance with Laws and Regulations. In connection with the performance of any of the Work under the Contract Documents, the Contractor shall be responsible for complying with all applicable federal, Illinois, and local laws, ordinances, codes, rules, regulations and orders of any and all such governmental bodies, agencies, and authorities and courts having jurisdiction.

Section 4.03. Ethics in Public Contracting. The Contract Documents hereby incorporate by reference, but are not limited to, the provisions of law contained in Article 33E. “Public Contracts” of the Criminal Code of 1961 of the State of Illinois (720 ILCS 5/33E-1 *et seq.*), as supplemented and amended (the “**Illinois Criminal Code**”). The Contractor hereby certifies, in accordance with Section 33E-11 of the Illinois Criminal Code, that the Contractor is not barred from contracting with the Village as a result of a violation of Section 33E-4, “Bid rigging” or Section 33E-5, “Bid rotating”, of the Illinois Criminal Code; that its bid or proposal was made without collusion or fraud; that it has not offered or received any kickbacks or inducements from any other potential contractor, supplier, manufacturer, or subcontractor in connection with the bid or proposal; and that it has not conferred on any public employee having official responsibility for this procurement transaction any payment, loan, subscription, advance, deposit of money, services, or anything of more than nominal value.

Section 4.04. Employment Discrimination. During the performance of the Contractor under the Contract Documents, the Contractor covenants and agrees to each of the following to the extent applicable:

- (i) The Contractor shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, age, handicap, or national origin. The Contractor agrees to post in conspicuous places, visible to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
- (ii) The Contractor, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, shall state that such Contractor is an Equal Opportunity Employer.
- (iii) Notices, advertisements, and solicitations placed in accordance with federal and Illinois law, rule, or regulation shall be deemed sufficient for the purpose of meeting the requirements of this Section.
- (iv) The Contractor shall include the provisions of the foregoing paragraphs 1, 2, and 3 in every subcontract or purchase order of more than \$10,000 so that the provisions will be binding upon each subcontractor or vendor.

Section 4.05. Drug-Free Work Place. To the extent applicable, the Contractor covenants and agrees to comply with the provisions of the federal Drug-Free Work Place Act of 1988 (41 USC Section 701 et seq.) and the Illinois Drug-Free Work Place Act (30 ILCS 580/1 et seq.).

Section 4.06. Application of Local Government Prompt Payment Act. The Village and the Contractor mutually covenant and agree that the provisions of the Illinois Local Government Prompt Payment Act (50 ILCS 505/1 et seq.) shall not be applicable to any of the provisions of the Contract Documents.

Section 4.07. Certificates, Licenses and Permits. The Contractor shall procure, pay for and provide true, correct and complete copies of all valid licenses, certificates and permits required for the Contractor's performance of the Work under the Contract Documents. Such copies shall be delivered to the Village no later than five (5) days prior to the commencement date of the Contract Term or such other date as is specified in any notice to proceed, whichever is earlier. True, correct and complete copies of such licenses and certificates and permits as renewed shall be provided to the Village within twenty-four hours of any such renewal which occurs at any time during the remainder of the Contract Term.

Section 4.08. Taxes. Except to the extent that the Village is wholly exempt from the payment thereof, the Contractor shall pay all federal, state and local sales, consumer, use, occupational, service and similar taxes required to be paid by the Contractor in accordance with any law or regulation which may be applicable to the performance of the Work under the Contract Documents. The Village is exempt from sales taxes imposed by the State of Illinois and from federal excise taxes.

Section 4.09. Environmental Protection. The Contractor covenants and agrees that its performance of the Work under the Contract Documents shall comply with all applicable "**Environmental Laws**". As used in this Section 4.09, "Environmental Laws" means any applicable statute, code, enactment, ordinance, rule, regulation, permit, consent, approval, authorization, license, judgment, order, writ, common law rule (including without limitation the

common law respecting nuisance and tortious liability), decree, injunction or other requirement having the force and effect of law, whether local, state or federal, at any time in force or effect relating to: (i) emissions, discharges, spills, releases or threatened releases of “Hazardous Substances” into ambient air, surface water, ground water, watercourses, publicly or privately-owned treatment works, drains, sewer systems, wetlands, septic systems or onto land; (ii) the use, treatment, storage, disposal, handling, manufacturing, transportation or shipment of “Hazardous Substances”; (iii) the regulation of storage tanks; or (iv) otherwise relating to pollution or the protection of human health or the environment, where “**Hazardous Substances**” means at any time any substance, waste, pollutant, contaminant or material, in solid, liquid or gaseous form, which: (i) is a substance regulated or defined or designated as hazardous, extremely or imminently hazardous, dangerous, or toxic pursuant to any local, state or federal governmental authority or any Environmental Laws; or (ii) is a substance with respect to which such a governmental authority otherwise requires environmental investigation, monitoring, reporting, or remediation; including but not limited to, (A) all substances, wastes, pollutants, contaminants and materials regulated, or defined or designated as, hazardous, extremely or imminently hazardous, dangerous or toxic, under the following federal laws and their State of Illinois counterparts, as well as any implementing regulations thereof: the Hazardous Materials Transportation Act (42 USC Section 1801 et seq.) the Resource Conservation and Recovery Act (42 USC Section 6901 et seq.), the Comprehensive Environmental Response, Compensation and Liability Act (42 USC Section 9601 et seq.), the Clean Water Act (33 USC Section 1251 et seq.), the Safe Drinking Water Act (33 USC Section 300f et seq.), the Atomic Energy Act (42 USC Section 2011 et seq.), the Toxic Substances Control Act, (15 USC Section 2601 et seq.), the Federal Insecticide, Fungicide, and Rodenticide Act (7 USC Section 136 et seq.), the Clean Air Act (42 USC Section 7401 et seq.), and the Emergency Planning and Community Right to Know Act (42 USC Section 11011 et seq.); (B) petroleum and petroleum products, including crude oil and any fractions thereof; (C) natural gas, synthetic gas, and any mixtures thereof; (D) radon; (E) radioactive substances; (F) asbestos; (G) urea formaldehyde; and (H) polychlorinated biphenyls.

In addition to, and in no way limiting, the Contractor’s duties and obligations as set forth in the first paragraph of this Section 4.09 immediately above, should the Contractor breach any of its duties and obligations as set forth in the first paragraph of this Section 4.09, or if contamination by any Hazardous Substances otherwise occurs for which the Contractor is legally liable or responsible, the Contractor shall indemnify, hold harmless and, at the Village’s option, defend the Village and any of its employees, agents or other contractors, from any and all claims, demands, damages, expenses, fees, costs, fines, penalties, suits, proceedings, actions, causes of action, and losses of any kind and nature, including, without limitation, damages and sums paid in settlement of claims and for attorney fees, consultant fees, and expert fees that may arise during or after the Contract Term under the Contract Documents from discharges, emissions, spills, storage, disposal or any other action by the Contractor giving rise to Village liability, civil or criminal, or other Village responsibility under any Environmental Laws that may be incident to the performance of Work by the Contractor under the Contract Documents. Any condition or activity giving rise to the aforesaid Village liability or Village responsibility which are not a result of or related to any action by or omission of the Contractor in connection with its performance of the Work under the Contract Documents is not subject to such indemnification.

V.
LIABILITY, INDEMNITY AND INSURANCE

Section 5.01. Liability and Indemnity. The Village shall not be responsible for, and the Contractor shall assume, all liability to persons or damage to property which may arise out of or result from the negligence of the Contractor or any of the Contractor's agents, employees, subcontractors, assigns, or the invitees of any of them, in connection with the performance of the Work under the Contract Documents. To the fullest extent permitted by law, the Contractor shall indemnify, save, hold harmless, and defend the Village, its officers, employees and agents, from and against all suits, claims, demands, actions, liabilities, judgments, costs and attorneys' fees, including any by the Contractor or any of its agents, employees or subcontractors, arising out of, or in any manner predicated upon, personal injury to or death of any person or damage to property arising out of or resulting from the Contractor's negligent acts or omissions in the carrying out of any of the terms and conditions of any of the Contract Documents and any and all other negligent acts or omissions of the Contractor, its agents, employees, subcontractors or assigns, or the invitees of any of them, incident to the performance of any of the Work under the Contract Documents.

In claims against the Village or its officers, employees or agents by an employee of the Contractor or any of its agents or subcontractors, or anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this Section 5.01 shall not be limited by a limitation on any amount or type of damages, compensation or benefits payable by or for the Contractor or any of its agents or subcontractors under workers' or workmen's compensation acts, disability benefit acts or other employee benefit acts.

Section 5.02. Minimum Insurance Requirements. The Contractor shall not commence any Work under the Contract Documents until the Contractor has obtained all insurance coverages required under the Minimum Insurance Requirements as attached to the Construction Contract (the "**Minimum Insurance Requirements**") and such insurance has been approved by the Village, nor shall the Contractor allow any subcontractor to commence Work on a subcontract for any portion of the Work until such insurance coverages required of such subcontractor has been so obtained and approved by the Village, and certificates or policies from the applicable insurance companies shall be delivered to the Village in accordance with Section 5.04 below. Such insurance coverages shall include but not be limited to, insurance against any and all assumed contractual liability under the Contract Documents, to afford protection with limits of liability in amounts approved from time to time by the Village, but not less than the amounts specified in the Minimum Insurance Requirements.

Section 5.03. Policy Provisions. All insurance which the Contract Documents require the Contractor to carry or maintain or cause to be carried or maintained by any subcontractor pursuant to the Minimum Insurance Requirements and Section 5.02 above shall be in such form and for such periods of time as the Village may require or approve and with such financially responsible insurers as are licensed to do business in the State of Illinois. All policies or certificates issued by the respective insurers for comprehensive liability and automobile insurance will name the Village as an additional insured, provide that any losses shall be paid notwithstanding any act or failure to act or negligence of the Contractor or the Village or any other person; provide that no cancellation, reduction in amount, or material change in coverage thereof shall be effective until at least thirty (30) days after receipt by the Village of written notice thereof; provide that the insurer shall have no

right of subrogation against the Village, its officers, agents, or employees; and be reasonably satisfactory to the Village in all other respects. In no circumstances will the Contractor or any subcontractor thereof be entitled to assign to any third party rights of action which the Contractor or any subcontractor thereof may have against the Village.

Section 5.04. Delivery of Policies. Before or at the time of the execution and delivery of the Contract Documents, the Contractor shall deliver or cause to be delivered to the Village certificates or policies of insurance evidencing the Minimum Insurance Requirements and other requirements required by Section 5.03 above. The Contractor shall similarly deliver or cause to be delivered each subcontractor's policies of required insurance before any such subcontractor commences any Work. No later than thirty (30) days prior to the expiration of any such policy, the Contractor shall also deliver or cause to be delivered all such certificates or policies of insurance evidencing each renewal policy having the same coverages and limits as may be provided in the Minimum Insurance Requirements and approved by the Village.

VI.

TERMINATION, ENFORCEMENT, DISPUTES AND REMEDIES

Section 6.01. Termination. The performance of Work by the Contractor under the Contract Documents may be terminated by the Village in whole or in part in the event of any default by the Contractor where the Contractor: (i) fails to perform the Work as specified in the Contract Documents to the satisfaction of the Village; (ii) violates any other term, condition, covenant or condition of the Contract Documents; or (iii) voluntarily petitions for bankruptcy, is adjudged bankrupt or makes a general assignment for the benefit of creditors or if a receiver is appointed on account of the Contractor's insolvency. The Village shall effect any such termination for default by giving written notice of termination to the Contractor at least five (5) days before the date of any such termination, specifying the nature of default and the date upon which such termination becomes effective unless certain corrective or remedial actions satisfactory to the Village are taken by the Contractor. The Village shall have the sole discretion to determine whether any such corrective or remedial actions taken by the Contractor are sufficient to cure any such default without waiving its right to terminate for default under this paragraph. Any such termination for default shall automatically be effective on the date specified in such notice with no further notice from the Village unless the Village shall otherwise have approved and accepted any such corrective or remedial actions of the Contractor in writing.

Upon the giving of any such notice of termination in the event of any default, the Contractor, except as otherwise directed by the Village in any such notice, shall: (i) stop performance of the Work under the Contract Documents on the date specified in the notice; (ii) place no further orders or subcontracts for parts, materials, supplies, equipment, services, or facilities except as necessary for completion of such portion of the Work not terminated; (iii) terminate all subcontracts and purchase orders as of the date specified in the notice; and (iv) promptly settle all outstanding liabilities and claims.

In the event the Village terminates the performance of Work under the Contract Documents because of the default of the Contractor, the Contractor shall be liable for all excess costs, expenses and fees that the Village is required to expend to complete the Work covered by the Contract Documents whether by separate contract or from with its own resources.

Section 6.02. Unsatisfactory Work Threatening Health, Safety or Welfare. If, at any time, the service performed or Work done by the Contractor is considered by the Village to create a condition that threatens the health, safety, or welfare of the community, the Contractor shall, on being verbally or otherwise notified by the Village, immediately correct any such deficient service or Work. In the event the Contractor fails, after such notice, to correct any such deficient service or Work immediately, the Village shall have the right to order the correction of the deficiency by separate contract or with its own resources at the sole cost and expense of the Contractor.

Section 6.03. Recovery of Money. Whenever, under any provision of the Contract Documents, any sum of money shall be recoverable from or payable by the Contractor to the Village, the same amount may be deducted from any sum due to the Contractor under the Contract Documents or under any other contract between the Contractor and the Village. The Village shall have the right to make a reasonable estimate or any such amount in the event that the cost, charges or expenses in connection therewith have not otherwise been invoiced to or otherwise expended or incurred by the Village. This right of the Village is in addition and without prejudice to any other right the Village may have to claim the amount of any loss or damage suffered by the Village on account of any act or omission of the Contractor.

Section 6.04. Claims and Disputes of Contractor. All claims and disputes of the Contractor shall first be referred to the Administrative Officer of the Village (the “**Manager**”) for review and decision. All claims or disputes shall be made in writing to the Manager, not more than ten (10) days from the occurrence of the event which gives rise to the claim or dispute, or not more than ten (10) days from the date that the Contractor knew or should have known of any such matter forming the basis of any such claim or dispute. Unless any claim or dispute is made by the Contractor in accordance with such time requirements, any such claim or dispute shall be waived. In addition, any claim or dispute not submitted before final payment shall be waived. The Manager shall render a written decision within fifteen (15) days following receipt of a written demand for the resolution of any such claim or dispute by the Contractor. The Manager’s decision shall be final and binding upon the Contractor unless the Contractor elects to appeal such decision by providing written notice to the President and Board of Trustees of the Village (the “**Corporate Authorities**”) of such election within fifteen (15) days of the date that notice of such decision is given to the Contractor. The Contractor must present a written narrative of the claim or dispute that is the subject of such appeal, together with complete supporting documentation, to the Corporate Authorities within fifteen (15) days of the date of such written notice of appeal. After receiving such written narrative, the Village President will review such materials relating to the claim or dispute and meet with the Contractor to discuss the merits of the claim or dispute. The Corporate Authorities will render a decision within thirty (30) days after receiving the written narrative of the claim or dispute and supporting documentation. The decision of the Corporate Authorities shall be final and binding unless determined by a court of competent jurisdiction that such decision of the Corporate Authorities is fraudulent, arbitrary, capricious, so grossly erroneous as to imply bad faith, or not supported by substantial evidence. Any failure of the Manager or the Corporate Authorities to make a decision within the time limit set forth above shall not result in the granting of the Contractor’s claim or dispute for relief. If the Contractor disagrees with the decision of the Corporate Authorities concerning Contractor’s claim or dispute, the Contractor shall proceed with the Work as indicated by the Corporate Authorities’ decision of the Corporate Authorities but shall thereafter have the right to seek such recourse as may otherwise be provided by law under Section 6.05 below.

Section 6.05. Default, Costs, Expenses and Attorneys' Fees. In the event of any default of the Contractor for any of the reasons provided under Section 6.01 above, or in the event of any default by the Village for failure to: (i) make due and punctual payment of any amount which is not otherwise subject to any claim or dispute and which is otherwise due and payable to the Contractor under the Contract Documents for Work actually performed thereunder, when and as the same becomes due and payable, and such default shall continue for a period of thirty (30) days after notice from the Contractor to the Village specifying any such itemized amount in default, or (ii) observe or perform any material obligation imposed upon the Village under the Contract Documents, other than that referred to in clause (i) immediately above, at any time from and after the exhaustion of the administrative remedies for disputes or claims of the Contractor as specified in Section 6.04 above, the party not so in default shall have the right, in addition to any other right specified in any of the Contract Documents, to any other lawful remedy as provided by law. Should it become necessary for either the Village or the Contractor to enforce any of the material obligations imposed upon or undertaken by the other under the Contract Documents, the party prevailing in any such enforcement action shall be entitled to collect any and all reasonable costs and expenses of any such enforcement action, including reasonable attorneys' fees.

Section 6.06. Failure to Enforce. Failure by the Village at any time to enforce any of the provisions of the Contract Documents shall not be construed as a waiver of any such provisions. Such failure to enforce shall not affect the validity of the Contract Documents or any part thereof or the right of the Village to enforce any such provision at any time in accordance with its terms.

VII. **MISCELLANEOUS**

Section 7.01. Independent Contractor. Both the Village and the Contractor mutually covenant and agree that the relationship created by the Contract Documents shall be that of an independent contractor and that neither the Contractor nor any of its employees, agents or subcontractors shall, under any circumstances, be considered officers, employees or agents of the Village. The Village shall be at no time legally responsible for any negligence or other wrongdoing by the Contractor, its officers, employees or agents.

Section 7.02. Access to and Retention of Records. The Contractor shall maintain such financial records and other records, including records in automated form, as may be prescribed by the Village, the Contract Documents or by any applicable federal, state or local laws, rules, and regulations. The Contractor shall retain such records for a period of three (3) years after final payment to the Contractor upon termination of the Contract Documents. Such records shall be made available for examination, transcription, and audit by the Village, its designees, or other authorized bodies during normal business hours after reasonable notice from the Village of its intention to examine any such records.

Section 7.03. Assignment. The Contractor shall not assign, transfer, convey or otherwise dispose of any award or any or all of its rights, title, or interest in or under any of the Contract Documents, without the prior written consent of the Village.

Section 7.04. Written Modification. No provision of any of the Contract Documents may be changed, revised, modified, waived, discharged, terminated or otherwise abrogated, diminished or impaired other than by an instrument in writing duly authorized and executed by both the Village

and the Contractor; provided, however, that any change, revision or modification to the Scope of Work to be performed by the Contractor in connection with the Contract Documents shall be as specified in Section 2.03 hereof, and that minor variations and deviations in the Scope of Work which do not require an adjustment to the Contract Amount may be authorized in writing by the Manager.

Section 7.05. Severability. The invalidity or unenforceability of any one or more phrases, sentences, clauses, sections or other divisions of the Contract Documents shall not affect the validity or enforceability of the remaining portions of the Contract Documents, or any part thereof.

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

AGENDA ITEM

ITEM: Motion to Pass <u>Community Development Resolution 303</u> , a Resolution Approving the Community Development Block Grant 2024 Annual Action Plan	DEPARTMENT: Community Development
DATE: May 14, 2024	AMOUNT: \$335,179.00 Estimated
ATTACHMENTS: 1. CD Resolution 303 - Approving the CDBG 2024 Annual Action Plan 2. CDBG 2024 Annual Action Plan - Draft	ADMINISTRATIVE NOTES:

SUMMARY HIGHLIGHTS:

The Village of Rantoul is a direct recipient of Community Development Block Grant (CDBG) funds from the U.S. Department of Housing & Urban Development (HUD). In order to receive that funding, the Village must prepare and submit an Annual Action Plan to HUD. In 2020, the current five year Consolidated Plan was created and submitted to HUD in order to apply for, accept, and allocate CDBG funds.

The purpose of the Consolidated Plan is to identify strategies and resources available to realize specific community development needs and activities for the five year period, in this case being from May 1, 2020 through April 30, 2025. 2024 represents the fifth year of the five year Consolidated Plan, and another Annual Action Plan must be prepared and submitted to continue to receive CDBG funding. The 2024 Annual Action Plan serves as the Village's application for 2024 CDBG funds, of which the Village is expected to receive \$335,179.00 in 2024-2025.

Based on the needs assessment and analysis from the Consolidated Plan, as well as staff and community input, the following activities are proposed to be funded in Program Year 2024-2025:

- Owner Occupied Housing Rehabilitation - \$120,000.00
- Public Infrastructure Improvements - \$123,314.00
- Blight Removal/Demolitions - \$25,000.00
- Administration - \$66,865.00

TOTAL - \$335,179.00

All of these proposed activities are continuations of activities established and approved in the Consolidated Plan.

The complete draft 2024 Annual Action Plan can be viewed at:

**COMMUNITY DEVELOPMENT RESOLUTION NO. 303
RESOLUTION APPROVING THE COMMUNITY DEVELOPMENT BLOCK GRANT
2024 ANNUAL ACTION PLAN**

WHEREAS, the Village of Rantoul receives Community Development Block Grant (CDBG) funds from the U.S. Department of Housing and Urban Development (HUD) on an annual basis, and the Village must prepare and submit a five-year Consolidated Plan and an Annual Action Plan to accept and allocate these funds; and

WHEREAS, the current adopted Consolidated Plan covers the period of May 1, 2020 through April 30, 2025, and the purpose of the Consolidated Plan is to identify strategies and resources available to realize specific community development needs and activities for that five-year period; and

WHEREAS, the Program Year 2024-2025 time period represents the fifth year of the Consolidated Plan, and a draft Annual Action Plan for 2024 has been created and must be approved and submitted to HUD, as it serves as the Village of Rantoul's application for CDBG funds; and

WHEREAS, a Citizens Advisory Committee meeting and public hearing was conducted to receive citizen input on the Draft of the 2024 Annual Action Plan on May 2, 2024; and

WHEREAS, an approved 2024 Annual Action Plan is to be submitted to HUD by July 1, 2024.

NOW, THEREFORE, BE IT RESOLVED by the President and Board of Trustees of the Village of Rantoul, Illinois, as follows:

1. That the CDBG 2024 Annual Action Plan is hereby approved and adopted as presented.
2. The Village President is authorized to execute any and all necessary documents to carry out the 2024 Annual Action Plan, including documents necessary to receive CDBG funds.

VILLAGE OF RANTOUL

CDBG ANNUAL ACTION PLAN 2024

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

This is the Village of Rantoul's 2024 Annual Action Plan (AAP) which is put together to develop a plan for addressing the specific community development needs of the community, while also outlining specific community development activities that will be carried out. This process is intended to assist in developing a viable community by providing decent housing, a suitable living environment, and expanded economic opportunities principally for the benefit of low and moderate income persons. This plan represents the 5th and final year of the 2020-2024 Consolidated Plan. This plan sets forth how Community Development Block Grant funds will be used to invest in the community to achieve the specific U.S. Department of Housing & Urban Development (HUD) objectives and outcome performance measures.

The Village of Rantoul is located in the north-central portion of Champaign County, Illinois and is the third largest municipality in the county with a population of 12,371 according to the 2020 Census. It is a small city that has both an urban and rural feel and with a range of issues confronting it as diverse as its residents. The diverse population needs help to attain personal, educational, employment, recreational, housing, and other goals. The village is struggling to balance the limitations of available resources and the need to address some critical issues including: aging infrastructure and community facilities, underemployment, deteriorating housing, removal of substandard structures, and providing needed social services.

The Village of Rantoul has written and adopted Administrative Policies and Procedures for its CDBG Program, an adopted Citizen Participation Plan to guide citizen participation, and a recently updated Analysis of Impediments to Fair Housing Plan which was last updated in 2020 and which identifies impediments to fair housing choice in the community.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

OBJECTIVE 1: PROVIDE A SUITABLE LIVING ENVIRONMENT

Goal 1: Support social service agencies providing services to low-moderate income individuals and families.

Goal 2: Support infrastructure improvements in low-moderate income neighborhoods.

Goal 3: Reduce the slum and blighting conditions in low- and moderate income neighborhoods.

Outcome: Sustainability for the purpose of creating suitable living environments

Strategy 1: Create a Suitable Living Environment by making needed infrastructure improvements to low-moderate income neighborhoods.

Strategy 2: Create a Suitable Living Environment by acquiring and demolishing dilapidated properties in low-moderate income neighborhoods.

Strategy 3: Create a Suitable Living Environment by providing better access to social services in the community for lower-income residents.

OBJECTIVE 2: PROVIDE DECENT HOUSING

Goal 4: Preserve and improve affordable housing in Rantoul.

Goal 5: Address barriers to obtain affordable housing.

Goal 6: Support efforts to reduce the exposure of lead-based paint hazards in homes

Outcome: Affordability for the purpose of providing decent affordable housing

Strategy 4: Provide decent housing by creating affordable housing opportunities for households at or below 80% of the area median income through the redevelopment of vacant properties acquired and demolished by the Rantoul Community Development Department.

Strategy 5: Provide decent housing by participating in first-time homebuyers programs in Rantoul.

Strategy 6: Provide decent housing by continuing the Rantoul Building Incentives Program, for those households constructing a new home and those homebuyers who purchase a home from someone constructing a new home.

Outcome: Sustainability for purpose of providing decent affordable housing

Strategy 7: Provide decent housing by providing emergency repairs and full-home rehabilitations to low-moderate income, owner-occupied housing units that have building code violations.

Strategy 8: Provide decent housing by rehabilitating rental units that will then be occupied by low-moderate income households.

Strategy 9: Provide decent housing by conducting an analysis of lead-based paint hazards in all housing units repaired or rehabilitated by the Rantoul Community Development Department. Lead-based paint hazards will be repaired or abate

OBJECTIVE 3: EXPAND ECONOMIC OPPORTUNITIES

GOAL 7: Support the expansion of existing businesses along with the development of new businesses in Rantoul.

GOAL 8: Support the development of a highly trained workforce.

Outcome: Accessibility for the purpose of creating economic opportunities

Strategy 10: Expand economic opportunities by supporting the expansion of job-training programs for low-income individuals by area social service agencies.

Outcome: Affordability for the purpose of creating economic opportunities

Strategy 11: Expand economic opportunities by creating incentive packages available for new and expanding businesses. Incentive packages may include such items as tax abatements and low-interest loans.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The 2024-2025 program year will be the forty ninth year the Village of Rantoul has participated in the CDBG program. It is the 5th year of this current 5-year Consolidated Plan. Previous activities implemented generally met the goals established in the previous Consolidated Plan and Annual Action Plans. Overall, the activities have been very successful and in some cases, have exceeded expectations.

In this Annual Action Plan the Village of Rantoul is choosing to pursue many of the same previously adopted goals and projects due to the successes of these programs. At the same time, the Village

continues to evaluate how best to serve the changing needs of the community and new goals and projects are also being proposed.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The Village of Rantoul's citizen participation process for development of this Plan followed the Village's adopted Citizen Participation Plan and included outreach hearings for the public and meetings designed to encourage input from a broad array of the community. Phone and email contacts were used to gain input from entities with specific expertise, including those specializing in housing, social services, infrastructure and economic development. These efforts met and also exceeded the stated requirements of the Citizen Participation Plan and provided meaningful input in establishing goals and strategies for this Plan.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Comments were solicited through newspaper publication, public hearing, and online notifications. Any comments received are summarized in the Citizen Participation section and also attached in the appendices.

6. Summary of comments or views not accepted and the reasons for not accepting them

7. Summary

The Village of Rantoul's 2024 Annual Action Plan has been prepared in order to assist in providing decent housing, a suitable living environment, and expanded economic opportunities principally for the benefit of low and moderate income persons in the community. Information gathered from the public, and data provided by HUD were used to identify needs, goals and activities of this Annual Action Plan.

The preparation of the Annual Action Plan began with internal discussions at meetings of the Village of Rantoul's Staff. The Community Development Department sought first to identify potential community needs, gaps in services, and key issues on which to focus the community outreach process. The Village of Rantoul encouraged community participation in the development of this Plan. With focused starting points of issues and needs, a community outreach program was implemented, following the Village's adopted Citizen Participation Plan. The Community Development Department was responsible for

coordinating the citizen participation process. Community Development staff created the draft Annual Action Plan used for discussion purposes.

As part of the creation of this Annual Action Plan, the Village's approved Analysis of Impediments to Fair Housing Plan was reviewed and considerations were made within this Annual Action Plan to ensure identified impediments were being addressed.

Narrative (optional)

The Lead Agency responsible for preparing this 2024 Annual Action Plan is the Village of Rantoul's Community Development Department. The department is responsible for the administration of the Community Development Block Grant (CDBG) program and preparation of federal reports. The adopted PY2020-2024 Consolidated Plan and this Annual Action Plan represents the Village of Rantoul's vision for improving the quality of life for low-moderate income persons and low-moderate income areas in Rantoul. This plan is a One-Year Action Plan describing the activities the village will fund, implement, and/or support the implementation of in Program Year 2024 using CDBG funds. The plan has been developed using HUD's e-Con Planning Suite in IDIS. HUD requires entitlement communities such as the Village of Rantoul to consolidate its planning application and reporting requirements for most HUD programs.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The Village of Rantoul has adopted a Citizen Participation Plan that identifies when consultations and hearings are to take place. The adopted Citizen Participation Plan was used in preparing this Annual Action Plan. The primary goal of the Citizens Participation Plan is to provide all citizens of the community with adequate opportunity to participate in an advisory role in the planning, implementation, and assessment of the Consolidated and Annual Action Plans.

Obtaining the input of citizens, professionals, and other governmental entities is of the utmost importance during the development of the Consolidated and Annual Action Plans. Effectively planning for a community would be difficult, if not impossible, without the support of its residents, especially low-income citizens directly affected by community development projects and programs. It is for these reasons that citizen participation is strongly encouraged throughout the processes of consolidated and annual action planning, short and long range departmental planning, and plan implementation.

The Rantoul Community Development Department's efforts for participation included personal talks with agencies throughout the previous year; newspaper advertisements regarding public meetings; informational meeting packets and announcements placed on the village website; discussing the Plan process at public meetings; and placing draft copies of the AAP on the village website and placing a "hard copy" in the Rantoul Library. Copies of the News-Gazette advertisements and other public participation materials are attached in the Appendix.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

To assist Community Development staff in the development of this plan, outside departments and organizations have been contacted for consultation. These include but are not limited to: non-profits, business organizations, public institutions, and other village departments.

In the case of developing homeless strategies to address the needs of homeless persons; particularly chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth; and persons at risk of homelessness, Community Development Department staff have consulted with:

- the Urbana-Champaign Continuum of Care;
- public and private agencies that address housing, health, social services, victim services, employment and/or education needs of low-income individuals and families; and

- publicly funded institutions and systems of care that may discharge persons into homelessness (such as health-care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions), and business and civic leaders.

In the case of public facilities and infrastructure, Community Development Department staff have consulted with other village departments, particularly the Public Works Department, since they have a greater level of engineering expertise and construction management knowledge. For housing strategies, staff consulted with the Housing Authority of Champaign County. For economic development strategies, the Village of Rantoul partners with several economic and workforce development agencies, Parkland Community College, local businesses along with the Rantoul Chamber of Commerce and the Champaign County Chamber of Commerce, and Champaign County Economic Development Corporation.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

As an affiliate member of the Urbana-Champaign Continuum of Care, the Village of Rantoul attends meetings to assess the ongoing needs of the region's homeless population and to respond with new or expanded services and programs as resources are available. The Continuum has a "Plan to End Homelessness" which outlines the goals, strategies and benchmarks to be accomplished to address the needs of persons experiencing homelessness. The Village of Rantoul attempts to incorporate these goals into its programs whenever possible. The Village is committed to increased coordination and cooperation with the Continuum of Care in order to better integrate programs and services with the plans of the Continuum.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The Urbana-Champaign Continuum of Care receives Emergency Solutions Grant (ESG) funds from the State of Illinois. That funding supports the Housing Prevention and Rapid Rehousing (HPRP) functions of the Continuum's programs. The Executive Committee of the Continuum of Care is working to establish a centralized or coordinated assessment system that will meet HUD requirements and also encourage intake through shelters that can triage for client needs.

The Executive Committee makes ESG funding recommendations to the full Continuum of Care to consider. During the last rounds of funding, the following recommendations were approved. Administrative funds were given to the Champaign County Regional Planning Commission (CCRPC) to be used in support of Homeless Management Information System (HMIS) functions since CCRPC is the HMIS administrator for the Continuum of Care. Shelter partners utilize a centralized intake process that

includes prioritizations. Shelter partners refer persons to CCRPC for the rent assistance program funding. A referral from the shelter partner is required for CCRPC to process the funding request.

The Continuum allows agencies to present new projects to the Continuum of Care for consideration. The procedures for the administration and operation of HMIS have been established through a Memorandum of Understanding with participating agencies. The Executive Committee has also developed performance standards and outcomes for the activities assisted with ESG funds.

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

The Village of Rantoul's citizen participation process for development of this Plan followed the Village's adopted Citizen Participation Plan and included outreach hearings for the public and meetings designed to encourage input from a broad array of the community including residents from predominately low and moderate income neighborhoods, the disabled, minorities, and non-English speaking individuals. Phone and email contacts were used to gain input from entities with specific expertise, including those specializing in housing, social services, infrastructure, and economic development. These efforts met and also exceeded the stated requirements of the Citizen Participation Plan and provided meaningful input in establishing goals and strategies for this Plan.

The Village of Rantoul's 2024 Annual Action Plan was made available for public review and comment from April 10, 2024 to May 14, 2024. Notice of this 30 day comment period and the associated public meetings was published in the local newspaper prior to the start of this review period and also posted on the Village's website. Draft copies of the 2024 Annual Action Plan were available for review during this time at the following locations:

- Rantoul Municipal Building
- Rantoul Public Library

A public hearing to discuss the draft was held on May 2, 2024 at 6:00PM in the Village Board Room at the Rantoul Municipal Building, 333 S Tanner Street, Rantoul, IL. An additional public input meeting to review the Draft Plan was held on May 7, 2024.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The CDBG program does not require a match for those federal entitlement funds. The CDBG funds identified above will leverage the additional, local, state and private resources. These include local Tax Increment Financing (TIF) District revenue; US EDA Revolving Loan Fund for small businesses; local Stormwater drainage funds; and Chanute EDC Funds established and allocated to redevelop the former Air Force Base that was previously located in Rantoul. Overall, all sources and types of leveraged funds are more limited now due to the current federal and state economic climate. As in the past, the Village of Rantoul will be as creative as possible in finding other sources of funding from state, federal, private developer, tax-credits, loans, and local funds in order to develop and deliver efficient and cost-effective projects. All agencies applying for CDBG public service funding are required to identify their efforts in obtaining other public and/or private resources that address needs identified in the Consolidated Plan.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The Village of Rantoul owns various vacant lots throughout the community that could be used to facilitate the development of new infill housing or economic development projects.

Previously, the Village has purchased and demolished three dilapidated single-family homes located at 1600 Eater Drive, 1311 Fairlawn Drive, and 1608 Lowry Drive, 108 W Campbell, using CDBG funds. All three are eligible for single-family housing development. Habitat for Humanity of Champaign County has previously expressed interest about the Village donating these parcels or others for new housing construction and an activity to collaborate with Habitat is proposed in this plan.

Table 6 – Goals Summary

Goal Descriptions

1	Goal Name	Owner-Occupied Housing Rehabilitation
	Goal Description	This goal is designed to facilitate the rehabilitation of owner occupied single family homes. The Village of Rantoul offers a "Full-Home Rehabilitation Program", which repairs all of the code violations on the home. This program uses up to \$20,000 per home and the funds are secured by a 3-year forgivable mortgage on the property. The "Emergency Rehabilitation Program" provides a grant up to \$7,000 to repair a single code violation that is considered enough of an emergency that the homeowner might not be able to stay in the home. Both programs are available village-wide and open to any owner-occupant who earns no more than 80% of the median family income of Champaign County. These funds allow for 6 projects.

2	Goal Name	Infrastructure Improvements
	Goal Description	This goal is to facilitate the upgrading of existing public improvements and infrastructure. The Village of Rantoul intends to allocate a portion of their CDBG funds, along with other state/federal grant funds and local funds to make various infrastructure improvements.
3	Goal Name	Building Demolition
	Goal Description	This goal is intended to facilitate the demolition and clearance of deteriorated structures on a spot basis. The Village of Rantoul annually uses several funding sources, including CDBG funds to demolish dilapidated structures throughout Rantoul.
4	Goal Name	Planning / General Administration
	Goal Description	This goal is intended to make sure that all grants and their associated activities are properly planned and administered. This goal will be carried out village wide.

AP-35 Projects – 91.220(d)

Introduction

The projects listed here will address the high priority needs contained in this Plan in the 2024-2025 Program Year.

If the actual allocation amount is different, any increase or decrease in funding to match the actual allocation amount will be applied to the Infrastructure Improvements activity.

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The reason for these particular allocation priorities is that they address the high priority needs that were identified and articulated in this Plan. Funding priorities have not changed from those outlined in the Strategic Plan. There are no known obstacles in addressing underserved needs or proposed actions.

1	Project Name	Owner Occupied Housing Rehabilitation - 2024
	Target Area	Housing Rehab Areas
	Goals Supported	Owner-Occupied Housing Rehabilitation
	Needs Addressed	Affordable Housing Rehabilitation
	Funding	CDBG: \$120,000
	Description	This activity is for rehabilitation of owner-occupied housing. Repairs will be made to homes of lower-income households to make the home safer to live in.
	Target Date	4/30/2025
	Estimate the number and type of families that will benefit from the proposed activities	6 families are estimated to benefit from the proposed activities.
	Location Description	Housing Rehab Areas
	Planned Activities	Improvements to at least 6 owner occupied homes of low-moderate income households.
2	Project Name	Infrastructure Improvements - 2024
	Target Area	Area Benefit Areas
	Goals Supported	Infrastructure Improvements
	Needs Addressed	Public Improvements and Infrastructure
	Funding	CDBG: \$123,314
	Description	This activity will allow for select public infrastructure improvements to be made in low-moderate income neighborhoods of the community including sidewalks, streets, and drainage improvements.
	Target Date	4/30/2025
	Estimate the number and type of families that will benefit from the proposed activities	This will be an area benefit to an area that is predominantly low-moderate income. It is estimated this would be at least 125 low-moderate income households.
	Location Description	Area Benefit Areas
	Planned Activities	Construction of public infrastructure improvements in low-moderate income neighborhoods of the community including but not limited to sidewalks, streets, and drainage improvements.

3	Project Name	Building Demolition - 2024
	Target Area	Area Benefit Areas
	Goals Supported	Building Demolition
	Needs Addressed	Blight Removal
	Funding	CDBG: \$25,000
	Description	This activity is designed to provide for the demolition and disposal of deteriorated buildings that are no longer feasible for rehabilitation and reuse and which are having a blighting effect on the surrounding neighborhoods. This will be carried out on a spot basis.
	Target Date	4/30/2025
	Estimate the number and type of families that will benefit from the proposed activities	No families will directly benefit, but the benefit will accrue to the surrounding households and the surrounding neighborhoods.
	Location Description	Area Benefit Areas
4	Planned Activities	The planned activity is to remove deteriorated blighting structures.
	Project Name	Administration - 2024
	Target Area	Village Wide Availability
	Goals Supported	Planning / General Administration

	Funding	CDBG: \$66,865
	Description	This project is designed to make sure CDBG grant funds and their associated activities are properly planned and administered. This activity is village wide.
	Target Date	4/30/2025

	Estimate the number and type of families that will benefit from the proposed activities	Planning & Administration activities are not subject to benefit numbers.
	Location Description	Village Wide Availability
	Planned Activities	The planned activities are for administering the CDBG grant and associated activities and coordinating with related programs.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The Village of Rantoul has established an Area Benefit Area, which is comprised of the area of the community where the census tracts are comprised of predominantly low-moderate income households.

The Housing Rehab Area is comprised of the same areas as the Area Benefit Area, and is the portion of the community where housing programs are to be focused.

Geographic Distribution

Target Area	Percentage of Funds
Housing Rehab Areas	36
Area Benefit Areas	44
Village Wide Availability	20

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The basis for giving priority to the allocation of investments geographically to these CDBG Target Areas is to ensure that the scarce resources that are available are used in the areas where there is the most need and where they can have a measurable impact on the overall area.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The plan for affordable housing in the 2024-2025 plan year is to concentrate on housing rehabilitation for eligible low-moderate income households. In addition, the production of new units will be encouraged in collaboration with Habitat for Humanity. No rental assistance, or acquisition of existing units will be funded through this Plan in this year.

AP-60 Public Housing – 91.220(h)

Introduction

There are no projects from grant funds covered in this plan assigned to be used solely to meet the needs of public housing residents. The Village of Rantoul works regularly with the Champaign County Housing Authority on plans for improving the quality of affordable housing in the community.

Actions planned during the next year to address the needs to public housing

HACC has a waiting list for both available vouchers and public housing units.

The Village of Rantoul will continue to work with the HACC to acquire additional property for the development of affordable rental units.

The Village of Rantoul will continue to notify the HACC that a construction project funded by the U.S. Department of Housing and Urban Development and that job training and employment opportunities may exist under the "Section 3 program requirements."

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The HACC has a 5-member Resident Advisory Board that represents all of the residents of public housing units, along with the entire voucher program. Their main job is to provide the HACC, public housing residents, and voucher holders a forum for discussing the HACC's annual plans.

Each public housing site also conducts a monthly tenant meeting to discuss HACC policies and various need/actions that are specific to the site.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

This section includes an overview of the programs that will be funded in Champaign County to address the needs of the homeless and those with special needs. The activities address the emergency shelter and transitional housing needs of homeless individuals and families, along with homeless prevention activities especially for low income individuals and families with children who have incomes below 30 percent of the area median income. Activities are also funded to address the special needs of those who are not homeless (i.e., elderly, frail elderly, persons with disabilities, persons with HIV/AIDS, and/or persons with alcohol or other substance abuse problems).

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Village of Rantoul, in partnership with homeless service providers, supports outreach program with specific goals to engage chronically homeless persons, unaccompanied youth, and families. Each individual or family is assessed to determine their vulnerability and the community's ability to respond.

The following are actions that members of the Urbana-Champaign Continuum of Care intend to accomplish in order to reach out to homeless persons and assess their needs:

- Salvation Army in cooperation with local churches will operate the "Canteen Run" twice weekly to assist the unsheltered homeless;
- The "C-U at Home" organization will continue to keep the issue of homelessness in the media during their fundraising efforts;
- HMIS users will work to improve information sharing to improve coordination of prevention and rapid re-housing services;
- Each member agency of the Continuum of Care will train their staff to assess the needs of homeless individuals;
- Help homeless persons make the transition to permanent housing and independent living;
- Reduce recidivism among those exiting the homeless system; and
- Help low-income individuals and families who are being discharged from publicly funded institutions and systems of care, or receiving assistance from public and private agencies avoid becoming homeless.

Addressing the emergency shelter and transitional housing needs of homeless persons

Rantoul Community Development staff meets annually with the Urbana-Champaign Continuum of Care

and homeless service providers to assess the demands for service and whether the current housing resources are meeting them. For example, planning for extreme weather, especially in winter, has required the community to negotiate with shelters and the faith community to explore expansion of emergency shelter capacity.

Continued success in moving from emergency and transitional housing to permanent housing is the responsibility of all of the members of the Continuum of Care and can be achieved by increasing access to permanent housing options and equipping participants with the economic resources and tools necessary for long-term housing stability. While in programs, participants receive structured services to mitigate barriers to housing such as education/training, substance abuse counseling, health care, and mental health services.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Rantoul Community Development staff meets with the Urbana-Champaign Continuum of Care and homeless service providers to assess the demands for service and whether the current housing resources are meeting them.

The HEARTH regulations encourage providing homeless persons with housing quickly, and only availing supportive services that are of greatest need to support stable housing; other needs the individual or family may have should be addressed through existing mainstream resources available in the community. This reflects a new emphasis on both the expansion of the homelessness prevention and the addition of new rapid re-housing components: housing relocation and stabilization service and short- and medium-term rental assistance, and permanent housing and achieve stability in that housing. Below are the Urbana-Champaign Continuum of Care's strategic planning objectives to achieve this goal:

- Create new permanent housing beds for chronically homeless persons
- Increase the percentage of participants remaining in Continuum of Care funded permanent housing projects for at least 6 months to 80% or more
- Increase the percentage of participants in Continuum of Care funded transitional housing that move into permanent housing to 65% or more
- Increase the percentage of participants in all Continuum of Care funded projects that are employed at program exit to 20% or more
- Increase the percentage of participants in all Continuum of Care funded projects that obtained mainstream benefits at program exit to 20% or more

- Decrease the number of homeless individuals and families
- Intent of the Continuum of Care to reallocate supportive services only and transitional housing projects to create new permanent housing projects

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Rantoul Community Development staff meet with the Urbana-Champaign Continuum of Care and homeless service providers to assess the demands for service and whether the current housing resources are meeting them.

The IL Dept. of Children and Family Services provides housing to youth who are wards until age 21, through traditional foster care, Independent Living Programs, Transitional Living Programs and other residential programs. Wards in the Youth in College program continue to receive help with housing payments while they are enrolled in a college or employment training program until age 23. Youth choosing to exit foster prior to turning 21 (and those adopted after age 16) can be assisted by DCFS' Youth Housing Assistance Program (YHAP) shortly before and after they exit care. YHAP provides housing advocacy and cash assistance to young people ages 18 to 21, including assistance with security deposit and move-in expenses, crisis assistance for rent/utility arrears and rental subsidy up to \$250 per month. Youth aging out of care but later deciding to return prior to age 21 can receive services from the Independent and Transition Living Programs.

Emergency room and post-operative clients are seen by the hospital social worker for assistance with short-term housing issues related to their health status. Discharged individuals from local hospitals are released back to their place of last residence, or directed to nursing homes or other medical facilities for continued health care needs. Victims of domestic violence may be discharged to the local domestic violence shelter. There are no state-operated health care facilities for which to develop a statewide discharge policy. Intake workers at shelters also help hospital discharge planners locate as safe a location as possible. Occasionally, hospitals pay for a short-term housing option from charitable funds.

Since health care patients routinely are discharged to the location of their residence prior to admission, persons who are homeless prior to a health care crisis are at risk of remaining homeless upon discharge. Shelters do become an option for these few patients.

Patients discharged from a mental health facility or state-operated psychiatric facility in need of transitional housing utilize the services of Community Elements' group home and respite center, Rosecrance's residential beds or one of the faith-based half-way houses in Champaign County. If a

domestic violence victim, the person may use A Woman's Place emergency bed. These facilities offer case management, treatment services and other services to assist with reintegration into the community, including appropriateness for Shelter Plus Care.

It is the policy of the IL Dept of Corrections that every person on parole status be released to an address of a host that has agreed to accept them (family, friend, shelter, etc.) and agree to allow IDOC to enter the site to monitor the parolee. The Dept. has no legal jurisdiction for those released with no parole. The IDOC liaison is an active member of the CoC and works with local resources to locate jobs, apartments, etc. for parolees during a transition period prior to release. Mental Health Court assures probationers with mental health issues comply with treatment and remain housed, and Treatment Alternatives for Safer Communities has a similar mission for persons with substance abuse issues.

There is no specific plan for ex-felons released without parole, although IDOC does try to work with them during a transition period prior to release to help located community services and employment opportunities. Not having gainful employment is the main reason these individuals become/remain homeless.

Discussion

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

The Village has a recently updated and approved Analysis of Impediments to Fair Housing Plan. High tax rates, land use controls and poor employment/transportation linkages can all have a negative effect on affordable housing and residential investment. The Village of Rantoul has no taxing policies in place that could be seen as specifically negatively impacting the development of affordable housing or residential investment. Housing related taxes are based solely on the assessed value of a property. Land use controls include zoning, subdivision and building codes. The Village's development codes do include some elements that could end up enhancing development costs in the older established neighborhoods of the City. The housing and other development that does take place in these older established neighborhoods is frequently obtaining incentives and subsidies to facilitate the development. Building code requirements and fees are the same for all types of residential developments and present no barriers to affordable housing or residential development. Land costs in the Village are also very reasonable. The Village has continued to work with other organizations to improve transportation linkages to employment opportunities throughout the community.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The impediments have been addressed through the following actions and will continue to be addressed during this annual action plan period:

- The Village is partnering with the Housing Authority of Champaign County (HACC) and Habitat for Humanity in purchasing vacant land in Rantoul to construct additional affordable housing units;
- Village of Rantoul offers owner-occupied home rehabilitation services to lower-income households in order to maintain the existing housing stock;
- Village of Rantoul has ceded its annual bond cap allocation to create first-time homeowners programs;
- Community Development staff review local lender's CRA reports;
- Community Development and HACC staff exchange consolidated plans and annual plans for review and comment;
- HACC publishes their policies and reports on their website for public review;
- A rural mass transit system is operating in Rantoul assisted with Village funding to ensure low-moderate income residents are connected to jobs, healthcare, and services;
- Community Development staff have attended local housing fairs and job/employment fairs to promote the department's programs;

- Community Development staff continually review the *Housing Rehabilitation Manual*; *Citizen Participation Plan*; and the *Anti-Displacement, Replacement Housing, and Relocation Assistance Plan*;
- Community Development staff recently updated the *Impediments to Fair Housing* report to ensure housing equality is in place and issues are being worked on.

Discussion:

AP-85 Other Actions – 91.220(k)

Introduction:

The section addresses the Village of Rantoul's planned actions to foster and maintain quality affordable housing, continue the mitigation of lead based paint hazards in homes occupied by low-mod income individuals, reduce the number of households in poverty through various services and programs, promote the coordination of services among the various providers, and seek and support the pursuit of additional funding to address underserved needs.

Actions planned to address obstacles to meeting underserved needs

There are two primary obstacles to meeting the underserved needs of Rantoul's citizens: inadequate funding and lack of organizational capacity. Organizations and government programs that provide services in Rantoul, as across the nation, are finding it increasingly difficult to maintain their current funding levels or to obtain new resources of revenue. Losses of revenue have led to program elimination or reduction of services provided or the number of clients that can be served. Most social service agencies in Champaign County are located 15 miles away, within the Cities of Urbana and Champaign; and are unable to directly provide services in the Village of Rantoul. Clients often must go to Urbana and Champaign to receive such services. Budget cuts and economic difficulties that have troubled the state and nation in recent years have also had a negative impact on the capacity of the service providers. Relevant capacity issues include staffing levels, ability to provide adequate training opportunities to staff and volunteers, and the ability to purchase necessary supplies and equipment. It appears likely that inadequate funding and lack of organizational capacity will continue to be obstacles during the five years covered by this consolidated plan.

Some of the actions proposed to address the underserved needs of the community:

- Village of Rantoul receives a direct entitlement of CDBG funds from HUD which is being used to address housing and social service needs of lower income individuals.
- HACC oversees the Housing Voucher Program and public housing units.
- Village of Rantoul will regularly evaluate the barriers to affordable housing.
- Village of Rantoul Recreation Department supports the Peacemeal Program, operates a summer lunch program.
- Rantoul City Schools and Rantoul Township High School offer free/reduced cost lunches to lower-income students.
- Community Service Center of Northern Champaign County along with the Rantoul Ministerial Alliance operates the "Transient Homeless Program."

Actions planned to foster and maintain affordable housing

Housing is one of the high priorities for the Village of Rantoul. Over 90% of the housing stock is over 30

years old. Routine maintenance such as replacing roofs and upgrading plumbing and electrical systems are often out of reach for low-income homeowners, along with some landlords. Homeownership is considered a safe and easy way to build personal wealth. In today's housing market, there is not much difference between the cost of a mortgage payment and a monthly rent payment. Many households find it difficult to save for a down payment. In the upcoming five-year period, the Village expects to fund its owner-occupied rehabilitation program to meet the needs of lower-income homeowners.

Actions planned to reduce lead-based paint hazards

All applicants to the Owner-Occupied Housing Rehabilitation Program are provided a copy of the pamphlet entitled *"The Lead-Safe Certified Guide to Renovate Right."* Every housing unit considered for full-home rehabilitation is tested by a consultant for lead-based paint using an x-ray fluorescent (XRF) machine by a licensed lead risk assessor. If lead-based paint is detected, it is removed by a state licensed lead-based paint abatement contractor. When lead abatement work has been completed, a licensed lead risk inspector collects dust wipe samples which are sent to an independent laboratory for testing and final clearance. The Community Development Department temporarily relocates families during extensive lead-paint abatement. If the lead-paint work is minimal, the work area can be completely sealed until final clearance is obtained and relocation is not required.

Actions planned to reduce the number of poverty-level families

1. The Village will work to retain existing businesses and encourage the establishment of new businesses using their various economic development tools such as loan programs, enterprise zone and tax increment financing incentives, along with working with other economic development partners such as the Champaign County Economic Development Corporation and the Rantoul Chamber of Commerce.
2. The Village will continue to support mentoring programs for lower-income and at-risk youth.
3. Using CDBG funds, will provide a housing rehabilitation program to assist low- and moderate income households repair their homes.
4. Rantoul City Schools and Rantoul Township High School will provide free/low-cost meals for students meeting certain income guidelines.
5. Rantoul Community Foundation and the Village of Rantoul Recreation Department will assist lower-income youth in participating in various sports and recreational activities.
6. Community Service Center of Northern Champaign County is the local "First-Call for Help" Agency and can provide referrals to various social service agencies to meet the needs of the client. It also operates a food pantry.
7. Village of Rantoul will set-aside up to 15% of its annual CDBG funding to assist public service agencies to operate programs in Rantoul and to assist Rantoul residents.

Actions planned to develop institutional structure

The local institutional structure is in relatively good shape. The CDBG Program in Rantoul is operated by the Village's Community Development Department. The Department is staffed by the Manager, who reports to the Village Administrator and the Mayor. The Department also includes a recently hired Community Development Specialist. The Department is responsible for the administration of the grant program, providing technical assistance to subrecipients, monitoring projects for compliance with all applicable regulations, and communicating with the public. The Village Board has final approval of the federal block grant budget allocation, Consolidated Plan, Annual Action Plans and Consolidated Annual Performance and Evaluation Report (CAPER). The staff, Human Relations Committee and Village Board all work together to ensure that effective Fair Housing practices are in place and reviewed and maintained. The adopted Analysis of Impediments to Fair Housing document plays a large role in dictating both the planning and administration of our CDBG Program. Outside of the Village staff, the primary gap in the existing institutional structure is a need to further enhance coordination among the various service agencies. The Village will be working to take the lead in promoting additional coordination with these entities. Coordination and collaboration efforts will be spearheaded by additional involvement with the Local Continuum of Care, and consultations with existing service agencies not already engaged in this process or with the Continuum.

Actions planned to enhance coordination between public and private housing and social service agencies

Public and private housing and social service agencies and organizations throughout Champaign County have achieved a higher level of collaboration in administering programs benefitting low and moderate-income people and families; and have included the three entitlement communities of Champaign, Urbana and Rantoul in their planning and operating activities. Although time constraints don't allow Community Development staff to attend regularly, Agencies/Organizations/Planning groups that benefit low- and moderate-income individuals and households include: Urbana-Champaign Continuum of Care, Champaign County Community Services Board, Champaign County Regional Planning Commission Technical Committee, and Community Reinvestment Group. Although the Housing Authority of Champaign County (HACC) and the Village of Rantoul have not had much interaction over the years, the Community Development staff and HACC staffs enjoy a good relationship.

Public Notice

Village of Rantoul Notice of Availability of Draft 2024 Annual Action Plan

The Village of Rantoul and Rantoul Citizens Advisory Committee will host a public comment period and public hearing to receive citizen input concerning the Village's formulation of its Draft 2024 Annual Action Plan for Community Development Activities. This plan on housing and community development needs and activities describes the Village's design for utilization of federal funds administered by the Department of Housing and Urban Development identified under the Community Development Block Grant (CDBG) Program. The Plan addresses activities directed at housing for low and moderate income families and special needs populations; public services; infrastructure supporting neighborhoods; blight removal; and economic development. The Village is estimating that it will receive an allocation of \$335,179 of CDBG funds in 2024 to fund these activities and address the community's priority needs. If the actual allocation amount is different, any increase or decrease in funding to match the actual allocation amount will be applied to the Infrastructure Improvements activity.

The Draft Plan will be available for public review and comment during the period beginning Wednesday, April 10, 2024 through Tuesday, May 14, 2024.

The Draft Plan is available for review online at www.myrantoul.com/370/Community-Development and hardcopies can also be reviewed at the Rantoul Municipal Building, 333 S Tanner Street, Rantoul, IL and Rantoul Public Library, 106 W Flessner Ave, Rantoul, IL.
