Proclamation

by the Mayor of Rantoul, Illinois

To All to Whom these Presents Shall Come:

Whereas, in 1899, Rantoul Fire & Rescue officially organized, making the year of 2024 the quasquincentennial (125) anniversary, continually providing a superior level of emergency services to the Village.

Whereas, the Village of Rantoul Fire Department has evolved into a unit consisting of 33 Firefighters and three Fire Stations, protecting a populous of 13,000 spanning more than eight and a half square miles.

Whereas, an integral part of the Village public safety system includes the Fire Department, which provides fire prevention, protection, suppression, investigation, and emergency services, along with providing mutual aid to surrounding communities throughout northern Champaign County.

Whereas, beyond emergency services, the Rantoul Fire Department prides itself in building strong relationships as an active, positive partner in the community, regularly participating in opportunities to inform, educate, and serve the Village.

Now therefore, I, Charles Smith, Mayor of Rantoul, acknowledge and celebrate the illustrious 125-year history of the Village of Rantoul Fire Department in recognition of the caliber of service and dedicated efforts of the Firefighters, both past and present. I call upon the citizens of Village to join me in recognizing that the tremendous skill, bravery, and compassion in difficult circumstances does not go unnoticed, and we appreciate all they do to keep our community safe.

Given Under my hand and the
Corporate Seal of said Rantoul, Illinois
this 1 day of October 20 24

**RANTOUL VILLAGE BOARD OF TRUSTEES
REGULAR STUDY SESSION
SEPTEMBER 3, 2024**

LOUIS B. SCHELLING MEMORIAL BOARD ROOM
RANTOUL MUNICIPAL BUILDING, 333 S. TANNER, RANTOUL, IL

A Regular Study Session of the Board of Trustees of the Village of Rantoul was held at at 6:00 P.M. Mayor Smith called the proceeding to order.

Roll Call

The Clerk called the roll, finding the following members present:

Mayor Smith, Trustees Wilson, Robertson, Crider, Hall, Workman and Weathersby – 7.

The following representatives of Village departments were also present:

Scott Eisenhauer, Administrator; Tony Brown, Police Chief; Chad Smith, Fire Chief; Angie Schultz, Comptroller; Chad Isley, Assistant Public Works Director; Luke Humphrey, Parks and Recreation Director; Chris Milliken, Zoning and Planning; Debbie Sage, Human Resources; Tana Ward; Executive Assistant/Audio Visual; David Wesner, Attorney and Janet Gray, Village Clerk.

Approval of Agenda

Trustee Hall moved to approve the agenda with the addition of Item 12A – the purchase of a 2024 Ford Police Utility Vehicle and the deletion of Item 17A – the purchase of a replacement dump truck with snow plow. Trustee Robertson seconded the motion. On a roll call vote:

AYE: Hall, Workman, Weathersby, Wilson, Robertson and Crider – 6.

NAYS: None – 0.

The motion carried 6-0.

Swearing in of new Firefighters

- A. The Mayor gave the oath to new Firefighters Daniel Kelly, Code Osgood and Darcy Shreve.

Presentation

- A. Angela Perry, from PeryAyz Foundation gave a presentation on preschool learning and child daycare for children ages 0 to 5 for Agriculture Workers. This program is through the Illinois Division of Early Childhood and Migrant Workers Health Program. They are partnered with Villas of Holly Brook which provides meals for the children. They are also working with the Rantoul Foods to see if this program can be made available year around.

Public Participation

- A. Mary Winter addressed the Board regarding fire and CO detectors that do not work at her property at 1614 Fairway Drive, and others, which are owned by the Hope Meadows group.

Items from Trustees

There were no items from the Trustees.

Items from the Mayor

- A. Rantoul Bike to Work Day is Thursday, September 18 from 7:00 - 10:00 am. The route is along Sangamon Avenue and Ohio Avenue Downtown.
- B. The Recreation Department's Senior Luncheon will be held on September 19, from 11:30 am - 12:30 pm at the Rantoul Family Sports Complex. Call 217-893-5700 to RSVP.
- C. There will be a Domestic Violence Awareness Vigil on Thursday, October 3 from 6:00 - 7:30 pm in the Louis B. Schelling Memorial Board Room.
- D. There will be a Residential Electronics Collection Event October 12, 2024 at Parkland College (Duncan Road). Register at ecycle.simplybook.me or call 217-384-3708.

Items from Clerk

- A. Minutes of August 6, 2024 Regular Study Session
 - B. Minutes of August 13, 2024 Regular Board Meeting
- These minutes will go to the Board for approval.

Items from Human Resources

- A. The August 2024 Village Applicant Demographics Report is in the Board Packet.
- B. Village Career Opportunities were also listed in the Board Packet.

Items from Comptroller

No items to report.

Items from Police Department

- A. The Department requested approval of the purchase of a 2024 Ford Police Utility Vehicle from Shields Auto Group in the amount of \$54,350.00. Equipment to outfit the new squad car should be under \$10,000.00 which would bring the total cost not to exceed \$64,350.00. This will replace a current vehicle which will be used by another department.

This item will go to the Board for approval.

Items from Fire Department

- A. The Fire Department will hold a 125 Year Celebration and Fundraiser on Saturday, October 5 from 4:00 - 10:30 pm at the Rantoul Family Sports Complex. There will be fun for all ages, a Fundraiser Raffle, Live Bands, Food Trucks and various Beverage options.

Items from Building & Environmental Safety

No items to report.

Items from Community Development

- A. The Department requested the approval of a Resolution authorizing an application to the 2024 Illinois Transportation Enhancement Program for Construction of Sidewalks in the Pleasant Acres Neighborhood. The funding request is for \$520,000.00. The grant could be 100% funded or could require up to a 20% match from the Village.
- B. Chris Milliken gave an update on the Downtown Project. Work on the sanitary sewer is about 1/3 done and should be completed by October. The Project Engineer will be in town on Friday to meet with individual business owners.

Item A will go to the Board for approval.

Items from the Parks and Recreation

- A. The Department requested the approve of a contract with Stout's Building Services in the amount of \$41,060.00 to refinish the Bathhouse Floor at the Hap Parker Family Aquatic Center. The floor has had several new layers of epoxy and touch-up paint and the staff feels it is best to refinish the entire floor. A non-skid additive will be added since the surface is constantly wet. They hope to complete the work this fall, weather permitting.

This item will go to the Board for approval.

Items from Public Works

- A. The purchase of a Replacement Dump Truck with Snow Plow was removed from the agenda.

Items from Administrator

No items to report

Items from Counsel

No items to Report

Meeting Adjourned

The Mayor adjourned the meeting at 6:34 pm.

Respectfully submitted,
Janet E. Gray, MMC
Village Clerk

Approved

AGENDA ITEM

ITEM: Resolution Authorizing an Application to the Illinois Department of Commerce and Economic Opportunity Regional Site Readiness Grant Program for Electrical System Upgrades in the Rantoul Industrial Park Area	DEPARTMENT: Community Development
DATE: October 1, 2024	AMOUNT: Grant Funding Request - \$3,000,000.00 20% Local Match (Electric Fund 541)
ATTACHMENTS: 1. 10-24-1422 Resolution - Authorizing Application for DCEO Regional Site Readiness Capital Grant	ADMINISTRATIVE NOTES:
SUMMARY HIGHLIGHTS: This item provides for the Village to submit a grant application to the Illinois Department of Commerce and Economic Opportunity (DCEO) Regional Site Readiness Grant Program to assist with funding Electrical System upgrades in the Rantoul Industrial Park area. As has been previously discussed, it has been identified that the electrical system infrastructure in the Industrial Park area on the west side of the community is at capacity, and it cannot support any new developments without upgrades being made. Village Staff, in conjunction with a consultant, have been working to plan and design for the necessary upgrades and improvements that will need to be made in order to increase the electrical system capacity in the Industrial Park area. This grant opportunity provides a potential source of funding for a portion of the funds that will be necessary to make those electrical system upgrades. The grant does require a 20% local match, and as part of the application the Village has to commit to making that 20% match (which would be \$600,000.00). The matching funds would be budgeted for and provided from the Village's Electric Fund (Fund 541). The Village funding for its matching share of the project costs would not be required until the Fiscal Year 2026 or Fiscal Year 2027 Budget. The deadline to submit applications is October 21, 2024. DCEO has indicated that grant	

recipients are expected to be announced by the Spring of 2025 with grant funds then needing to be spent within 24 months of awarding.

Village staff desires the Board's approval to apply for this grant and procure a portion of the funds necessary to upgrade the electrical distribution system in the Industrial Park area.

RECOMMENDED ACTION: Board approval of a resolution authorizing an application to the Illinois Department of Commerce and Economic Opportunity (DCEO) Regional Site Readiness Grant Program for electrical system upgrades in the Rantoul Industrial Park area.

DEPARTMENT HEAD APPROVAL
Chris Milliken

VILLAGE ADMINISTRATOR
Scott Eisenhauer

RESOLUTION 10-24-1422

A RESOLUTION AUTHORIZING APPLICATION TO THE ILLINOIS DEPARTMENT OF COMMERCE AND ECONOMIC OPPORTUNITY REGIONAL SITE READINESS CAPITAL GRANT PROGRAM

WHEREAS, the Village of Rantoul desires to continue to grow business opportunities in the community, but must have sites with the utilities and other infrastructure in place to support that new development; and

WHEREAS, the Village has identified that the electrical system infrastructure in the Rantoul Industrial Park area on the west side of the community is at capacity, and it cannot support any new developments without upgrades being made; and

WHEREAS, Village Staff has worked to plan for and design the necessary upgrades and improvements that will need to be made in order to increase the electrical system capacity in the Industrial Park area to support new development opportunities; and

WHEREAS, Village Staff has identified a potential funding opportunity that would assist with a portion of the funding needed to make those electrical system upgrades; and

WHEREAS, Village Staff has prepared a grant application, and desires to submit that application to the Illinois Department of Commerce and Economic Opportunity (DCEO) for the Regional Site Readiness Capital Grant Program.

NOW THEREFORE, BE IT RESOLVED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF RANTOUL, CHAMPAIGN COUNTY, ILLINOIS, as follows:

1. The Mayor is hereby authorized to apply for up to a Three Million Dollar (\$3,000,000.00) DCEO Regional Site Readiness Capital Grant for the purposes of upgrading the Prospect Electrical Substation within the Rantoul Industrial Park to provide for increased electrical capacity necessary to support further development and business growth in the community.
2. The Village understands that this grant requires a 20% local match, and the Village hereby commits to making that 20% match (\$600,000.00). The matching funds would be budgeted for and provided from the Village's Electric Fund (Fund 541).
3. The Mayor and Village Clerk are hereby authorized to sign and execute any and all documents necessary for the completion of said application, acceptance of the grant, and execution of grant agreements to fulfill the intent of this Resolution.

PASSED this 8th day of October, 2024.

Village Clerk

APPROVED this 8th day of October, 2024.

ITEM: Purchase Pulsar Briquette Chlorine for the Hap Parker Family Aquatic Center from Spear Corporation in the amount of \$23,790.00	DEPARTMENT: Recreation
DATE: October 1, 2024	AMOUNT: \$23,790.00
ATTACHMENTS: 1. Spear Corporation Chemical Order Form 2. Pulsar Sole Source Notice	ADMINISTRATIVE NOTES:
SUMMARY HIGHLIGHTS: The Recreation Department has received notice from Spear Corporation regarding their chemical inventory reduction sale for 2024. Spear Corporation is the sole source vendor for Pulsar Chlorinating Systems, which is the chemical distribution system that we currently use at the aquatic center. To take advantage of the savings, we are requesting approval to move forward with a Pulsar briquette chlorine tablet bulk order. This is a budgeted item, and it will allow us to purchase a quantity of 122 50-pound buckets. In doing so, we are not only able to lock in 2024 pricing, but we will be offered free shipping due to the size of the order. NOTES: • Sole Vendor of Pulsar Briquettes: Spear Corporation (see supporting document) • Savings realized in free shipping costs • Budgeted item

AGENDA ITEM

ITEM: Intergovernmental Agreement Extension with Rantoul Township High School #193 for Grounds Maintenance and Management	DEPARTMENT: Recreation
DATE: October 1, 2024	AMOUNT: N/A
ATTACHMENTS: 1. IGA Extension with RTHS for Grounds Maintenance	ADMINISTRATIVE NOTES:
SUMMARY HIGHLIGHTS: This agenda item provides for an extension of the current Intergovernmental Agreement (IGA) with Rantoul Township High School (RTHS) for grounds maintenance and management. The current agreement is set to expire on June 30, 2025. For budgetary purposes, as well as to ensure that maintenance does not lapse, we are requesting to extend the IGA for another three years at an annual cost of \$34,000.00, which is payable to the Village for services rendered on RTHS property at Wabash Park and the high school football field. Highlights of the agreement include: • If approved, the agreement is for three years, and it states that RTHS shall pay the Village a fee of \$34,000.00, payable in a lump sum by August 1st of each year for 2025, 2026, 2027 • \$34,000.00 would be dedicated revenue for Grounds Maintenance Services • The agreement covers mowing and routine grounds maintenance of the areas at Wabash Park and the RTHS football field, as depicted in Exhibit "A" within your packet • Supplies will be paid for by RTHS	
RECOMMENDED ACTION: Approve	
DEPARTMENT HEAD APPROVAL Luke A. Humphrey	VILLAGE ADMINISTRATOR Scott Eisenhauer

Grounds Management/Maintenance Agreement

This Agreement for Grounds Management and Maintenance is made and entered into as of this ____ day of _____, 2024 by and between Rantoul Township High School (“RTHS”) and the Village of Rantoul, Illinois (“Village”).

1. RTHS hereby agrees to engage the Village to manage/maintain the properties owned by RTHS listed on Exhibit “A” for a 3-year term beginning July 1, 2025 and ending June 30, 2028.

2. Included in the services to be provided by the Village are the following:

A. Mowing:

Mowing Height: 2 ½” - 3 ½”

Debris Pick-Up Properties / sites are to be clean before mowing - paper, cans, sticks, stones, bottles, and other objects which present a hazard if thrown from mower or detract from appearance.

Mowing: At least once every seven (7) days, or more if needed, to keep turf within specified mowing height 2 ⅞" - 3 ⅞". Turf mowers are to be rotary-type, maintained and in good working order. No tractor tow behind-type mowers are to be used. RTHS turf grass requires a top-quality cut. Blades to be maintained and sharpened or replaced. All tools or equipment required to carry out the operations within the scope of this Contract shall be provided by the Village and shall meet safety standards, codes, and laws as they apply. The Village shall provide an adequate number of competently trained personnel with sufficient supervision to provide the services required.

String Trimming: Once every twenty-one (21) days around all objects, site amenities, fences, plant material, or sidewalks and pathways, where mower cannot cut.

Clippings: Evenly distributed, may remain - if they detract from appearance, they must be removed. No piles, windrows, or blankets of clippings shall be left behind.

Clean Up: Grass clippings are to be discharged away from all flower beds, shrub beds, signs, tree rings, and fences. Grass clippings are to be blown from all hard surfaces, i.e. walks, paths, parking lots, shelters. The Village is to leave the site in a clean and neat appearance.

B. Game & Practice Field Management/Maintenance Services: The Village will supply as reasonably necessary all of the equipment and labor required to provide the following maintenance services:

1. Baseball/softball fields gameday and practice prep (drag fields, paint lines, chalk lines, maintain bases and pitching mounds)
2. Football gameday and practice fields prep (paint lines for football and band)

C. Additional Maintenance Services: The Village will supply as reasonably necessary all of the equipment and labor required to provide the following maintenance services which includes but is not limited to:

1. Pickup and chip all sticks/tree debris and trim trees
2. Maintain irrigation systems
3. Clean/maintain bathroom in Wabash Park
4. Pick up leaves during the fall/spring season
5. Pick up trash, empty garbage cans and dispose of accordingly
6. Maintain restrooms and concession stand
7. Batting cage net install and teardown
8. Coordinate maintenance on baseball field lights
9. Spraying of fence lines and other areas as necessary
10. Top dressing, backfill, seeding, fertilizing of turf grass

D. Additional Management Services: The Village will coordinate as reasonably necessary with RTHS Administration for:

1. Athletic events
2. Graduation
3. Usage of the Rantoul Family Sports Complex
4. Other requests deemed necessary that require collaboration amongst both parties

E. Supplies: At the request of or approval from RTHS for the maintenance of all RTHS properties listed in Exhibit "A" and independent of the lump sum fee, the Village will supply and be reimbursed for all material costs plus 10% for the following which includes but is not limited to: irrigation, fertilizer, seed, sod, limestone, weed killer, paint, flowers etc.

Historical examples include:

1. Fertilize and seed turf sod; also, to provide irrigation hardware and apply chemicals as reasonably necessary
2. Top dress limestone infields
3. Replacement of bases as necessary
4. Repairs to fence lines, dugouts and other areas to maintain safety adherence
5. Paint dugouts, batting cages and concession stand

Any supplies that are requested by RTHS will be invoiced after the completion of all applicable work and will be Net 30.

F. Payment for Services. RTHS shall pay the Village a fee of \$34,000 annually pursuant to this Agreement, payable in annual installments with the first payment to be made August 1, 2025 with subsequent annual payments of \$34,000 being made August 1, 2026 and August 1, 2027.

In witness whereof, we have executed this Agreement as of the date and year written above.

AGENDA ITEM

ITEM: Purchase and Installation of a Pavilion and two Windscreens at the Rantoul Family Sports Complex in an amount not-to-exceed \$125,000.00	DEPARTMENT: Recreation
DATE: October 1, 2024	AMOUNT: Not-to-Exceed \$125,000.00
ATTACHMENTS: 1. RFSC Pavilion Concept 2. RFSC Pavilion Concept - Front View	ADMINISTRATIVE NOTES:
SUMMARY HIGHLIGHTS: This agenda item provides for the approval to install a pavilion located at the Rantoul Family Sports Complex, as well as install windscreens (also known as Batter's Eye) along the outfield fence lines (foul pole to foul pole) on two fields, with a not-to-exceed amount of \$125,000.00 in expenses provided through private donations or sponsorship. The pavilion will offer visitors of the Rantoul Family Sports Complex an inviting and comfortable space while competing or attending events at the Sports Complex. With your approval, Village staff will begin working with a private donor or sponsor to finalize the structure design. Village cooperative purchasing contracts will be utilized to purchase the pavilion structure. Village staff will also secure three construction quotes for the installation of the structure. Within your packet is the initial concept of the pavilion to be installed. The location of this pavilion will be directly west of the Veteran's Memorial in the open grass area.	
RECOMMENDED ACTION: Approve

PO Box 38
Rantoul, IL 61866

Dear Mr. Esslinger,

Below please find our quote to install a Stainless Dura Class Dump Bed, Light System, Central Hydraulic System, Spreader, Snow Plow and Hitch on your truck on a JX Peterbilt truck. Billing will be through JX Peterbilt Bloomington.

Dura Class Stainless SLT 316 Crossmemberless Dump Bed 11' Long 7' Wide
3/16" AR 400 Floor with Tensile Strength of 180,000 psi
7 Gauge Stainless Front Sides and Tailgate with Corten Long Members
28" Sides/48" Front/38" Tailgate
Air Tailgate Control with Push-Pull Control
Double Acting Tailgate Chain with Chain Hooks
Body Raise Indicator Light
Body Prop
Full Boxed Top Rail with Board Brackets - No Boards Included
Mailhol CS100-4.5-3 Double Acting Hoist 15.7 Ton Capacity
Cougar 2700 Bed Vibrator
Interior of Bed Painted Black
1/2 Cab Shield
Minimizer Poly 1/4 Fenders in Front of Rear Duals
Rear Mud Flaps
Removable Apron Secured with Spreader Brackets (Carbon Steel)
Tarp Rail
Backup Alarm
2 Rung Step (Fold-up) Drivers Side
Grab Handle Drivers Side
Step Inside Bed Drivers Side
Recommended Cab to Axle Measurement for Single Axle Truck is 96"
Central Hydraulic System
PTO Driven Loadsense Hydraulic Pump
Force Ultra Armrest Control
Force America 5100 Electronic Spreader Control Mounted on Console
ARC Ground Temperature Sensor with Display and Power Cable
Garmin Ground Speed Sensor Connected to Spreader Control
Double Acting Hoist Power Up/Power Down
Plow Power Up/Power Down
Plow Power Reverse with Cushion Valve
35 Gallon Stainless Valve Tank Combo with In-Tank Filter, Sight/Temperature Gauge
Cushion Valve
Low Oil Warning Light
Ball Valve to Close Hydraulic Tank during Servicing

Due to the uncertainty of steel prices, we reserve the right to adjust our quote after 30 days. If a tax exempt organization, the official signing the sales order certifies that the truck purchase is for the sole and exclusive use of the tax exempt organization. Due to recent Federal Emission Standards, Rahn Equipment Company will not be responsible for any chassis that requires exhaust modifications. If you have any additional questions or wish to go ahead, please call and we will be happy to help you.

Respectfully,

Chris Rahn

**BOARD OF TRUSTEES
VILLAGE OF RANTOUL**

AGENDA ITEM

ITEM: Engineering Service Agreement for Compliance Services at the Rantoul Municipal Landfill with Fehr Graham & Associates LLC in an amount not-to-exceed \$34,500.00 for two years	DEPARTMENT: Public Works
DATE: October 1, 2024	AMOUNT: \$34,500.00
ATTACHMENTS: 1. Fehr Graham & Associates Engineering Agreement	ADMINISTRATIVE NOTES:
SUMMARY HIGHLIGHTS: This Agenda Item provides for an engineering service agreement with Fehr Graham & Associates LLC for compliance services at the Rantoul Municipal Landfill at a not-to-exceed amount of \$34,500.00 for two years. The Village has been working with the Illinois Environmental Protection Agency (IEPA) on the post-closure process of the former Rantoul landfill. Currently, the Village performs the general site maintenance (mowing, brush removal, etc.), and conducts an annual IEPA site review. Areas identified through these inspections have been addressed by installing additional gas vents, materials, grading, and seeding. Once completed and the cover re-established, an IEPA walk-through will be conducted, and final closure could happen. Each problem that has been fixed, resurfaces in an adjacent proximity. Getting to final closure will reduce the sampling requirements. Until this final closure happens, we must continue post-closure compliance sampling and reporting using Fehr Graham & Associates LLC. The proposal will provide the sampling and reporting activities required by IPEA Permit Nos. 1975-16-DE, 197516-OP, and various supplemental permits through December 31, 2026. This item is included in the Fiscal Year 2025 Budget.	
RECOMMENDED ACTION: Authorize the approval of an engineering service agreement with Fehr Graham Associates LLC for compliance services at the Rantoul Municipal Landfill to a not-to-exceed amount of \$34,500.00 for two years.	

DEPARTMENT HEAD APPROVAL Jacob D. McCoy, P.E.	VILLAGE ADMINISTRATOR Scott Eisenhauer

August 28, 2024

Mr. Jake McCoy
Village of Rantoul
1625 E. Grove Avenue
Rantoul, Illinois 61866

**Re: Compliance Services Proposal
Rantoul Municipal Landfill**

Dear Mr. McCoy,

Fehr Graham & Associates LLC is pleased to provide you with this proposal to provide sampling/reporting activities required by the Permit Nos. 1975-16-DE, 1975-16-OP, and the various supplemental permits issued by the Illinois Environmental Protection Agency (IEPA).

SCOPE OF SERVICES

Upon reviewing the site's permit, the following scope of services was created for Rantoul Municipal Landfill. The services described below will be provided from the date of contract through December 31, 2026, at which time an updated proposal and cost estimates will be provided to continue the work. If requested, drafts of IEPA submittals will be provided prior to finalization.

Quarterly Groundwater Reporting and EDD Submittal

Preparation and submittal of quarterly groundwater observed increases reports to the IEPA based on Conditions 5 and 6 of Attachment A of the site's permit. In addition, a submittal of quarterly electronic data deliverables of analytical results to the IEPA will be conducted in accordance with Condition 22 of Attachment A of the site's permit. This is under the assumption that the lab will provide the appropriate data files.

Quarterly Site Inspection and Reporting

A quarterly site inspection and supporting report will be conducted in accordance with Condition C.2 of the site's permit. Records of the inspection will be sent to the Village and be available upon request of an IEPA agent.

Annual Groundwater Flow Evaluation

An annual assessment of Groundwater Flow Direction and Hydraulic Gradients will be prepared and submitted to the IEPA by July 15th of each calendar year per Condition 24 of Attachment A of the site's permit. This will include the 2024 and 2025 reporting years.

In addition, an assessment of Groundwater Flow Direction and Hydraulic Gradients for the 2022 and 2023 reporting years will be prepared and submitted to the IEPA before the end of the current calendar year. This is due to the fact that the IEPA has not received these reports according to comments made by IEPA agent Jeff Turner on May 29, 2024.

Biennial Well Survey and Reporting

Surveyed elevations of each groundwater well and submittal of these elevations to the IEPA will be conducted in accordance with Condition 16 of Attachment A of the site's permit. Per comments made by IEPA agent Jeff Turner on May 29, 2024, the biennial well survey is due in 2024. The subsequent biennial well survey will be completed in 2026.

Historical Groundwater Database

A database of analytical groundwater data from the previous 5 years (20 quarters) to be able to identify any groundwater exceedances and to make the case that groundwater quality is not impacted by the landfill. Fehr Graham will request access to the site's permitted applicable groundwater quality standards (AGQS) to perform this work.

Groundwater Quality Supplemental Permit Application

A supplemental permit application will be submitted to IEPA making the case that groundwater quality is not degrading because of the landfill. This also includes any draft denial responses to the IEPA. Once the supplemental permit application has been approved by the IEPA, an Affidavit of Post Closure Care can be submitted. At this time, the Affidavit of Post Closure Care is not guaranteed and not covered by this proposal.

ESTIMATED COSTS

Based on the scope of services described above, the following cost estimates are provided.

Quarterly Groundwater Reporting and EDD Submittal	\$6,000
Quarterly Site Inspection and Reporting	\$6,000
Annual Groundwater Flow Evaluation	\$8,000
Biennial Well Survey and Reporting	\$5,500
Historical Groundwater Database	\$3,000
Groundwater Quality Supplemental Permit Application	\$6,000
TOTAL	\$34,500

EXCLUSIONS

The IEPA may develop new requirements that are not detailed in this proposal. Additionally, items that not included in this proposal are:

- » Additional sampling or reporting that the IEPA may require.
- » Maintenance and/or removal of monitoring wells and gas vents.
- » Preparation and submittal of Affidavit of Post Closure Care or other supplemental permit applications.

Any of the above services can be performed at an additional cost to the project upon request.

GENERAL CONDITIONS TO AGREEMENT FOR PROFESSIONAL SERVICES

1. The Client requests the professional services of Fehr Graham hereinafter called "The Consultant" as described herein.
2. The Consultant agrees to furnish and perform the professional service described in this Agreement in accordance with accepted professional standards. Consultant agrees to provide said services in a timely manner, provided, however, that Consultant shall not be responsible for delays in completing said services that cannot reasonably be foreseen on date hereof or for delays which are caused by factors beyond his control or delays resulting from the actions or inaction of any governmental agency. Consultant makes no warranty, expressed or implied, as to his findings, recommendations, plans and specifications or professional advice except that they were made or prepared in accordance with the generally accepted engineering practices.
3. It is agreed that the professional services described in the Agreement shall be performed for Client's account and that Client will be billed monthly for said services. A 1½% per month service charge will be incurred by Client for any payment due herein and not paid within 30 days of such billing which is equal to an ANNUAL PERCENTAGE RATE OF 18%. Partial payments will be first credited to the accrued service charges and then to the principal.
4. The Client and the Consultant each binds himself, his partners, successors, executors, and assigns to the other party to this Agreement and to the partners, successor, executors, and assigns of such other party in respect to this Agreement.
5. The Client shall be responsible for payment of all costs and expenses incurred by the Consultant for his account, including any such monies that the Consultant may advance for Client's account for purposes consistent with this Agreement.
6. The Consultant reserves the right to withdraw this Agreement if not accepted within 30 days.
7. A claim for lien will be filed within 75 days of the date of an invoice for services (last day of services rendered) unless the account is paid in full or other prior arrangements have been made. All attorney fees incurred by the Consultant due to the filing of said lien or the foreclosure thereof shall be borne by the Client.

In the event suit must be filed by Consultant for the collection of fees for services rendered, Client will pay all reasonable attorney's fees and court costs.

If Client defaults in payment of fees or costs due under the terms of this Agreement and Consultant incurs legal expenses as a result of such failure, Client shall be responsible for payment for Consultant's reasonable attorney fees and costs so incurred.

8. The Consultant shall present, for the consideration of the Client, engineering and technical alternatives, based upon its knowledge and experience in accordance with accepted professional standards, with selection of alternatives and final decisions as requested by the client to be the sole responsibility of the Client.
9. Construction Phase Activities (When applicable) - In connection with observations of the work of the Contractor(s) while it is in progress the Consultant shall make visits to the site at intervals appropriate to the various stages of construction as the Consultant deems necessary in Agreement to observe as an experienced and qualified design professional the progress and quality of the various aspects of the Contractor(s)'s work. Based on information obtained during such visits and on such observation, the Consultant shall endeavor to determine in general if such work is proceeding in accordance with the Contract Documents and the Consultant shall keep the Client informed of the progress of the work.

The purpose of the Consultant's visits to the site will be to enable the Consultant to better carry out the duties and responsibilities assigned to and undertaken by the Consultant during the Construction Phase, and, in addition, by exercise of the Consultant's efforts as an experienced and qualified design professional, to provide for the Client a greater degree of confidence that the completed work of the Contractor(s) will conform generally to the Contract Documents and that the integrity of the design concept as reflected in the Contract Documents has been implemented and preserved by the Contractor(s). The Consultant shall not, during such visits or as a result of such observations of Contractor(s)' work in progress, supervise, direct or have control over Contractor(s)' work nor shall the Consultant have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected by Contractor(s), for safety precautions and programs incident to the work of Contractor(s) or for any failure of Contractor(s) to comply with laws, rules, regulations, ordinances, codes, or orders applicable to Contractors(s) furnishing and performing their work. Accordingly, the Consultant can neither guarantee the performance of the construction contracts by Contractor(s) nor assume responsibility for Contractor(s)' failure to furnish and perform their work in accordance with the Contract Documents.

10. Estimates of Fees – When fees are on a time and material basis the estimated costs required to complete the services to be performed are made on the basis of the Consultant's experience, qualifications, and professional judgment, but are not guaranteed. If the costs appear likely to exceed the estimate in excess of 20%, the Consultant will notify the Client before proceeding. If the Client does not object to the additional costs within seven (7) days of notification, the increased costs shall be deemed approved by the Client.
11. The Consultant is responsible for the safety on site of his own employees. This provision shall not be construed to relieve the Client or the Contractor(s) from their responsibility for maintaining a safe work site. Neither the professional services of the Consultant, nor the presence of his employees or subcontractors shall be construed to imply that the Consultant has any responsibility for any activities on site performed by personnel other than the Consultant's employees or subcontractors.
12. Original survey data, field notes, maps, computations, studies, reports, drawings, specifications and other documents generated by the Consultant are instruments of service and shall remain the property of the Consultant. The Consultant shall provide copies to the Client of all documents specified in the Description of Services.

Any documents generated by the Consultant are for the exclusive use of the Client and any use by third parties or use beyond the intended purpose of the document shall be at the sole risk of the Client. To the fullest extent permitted by law, the Client shall indemnify, defend and hold harmless the Consultant for any loss or damage arising out of the unauthorized use of such documents.

13. No claim may be asserted by either party against the other party unless an action on the claim is commenced within two (2) years after the date of the Consultant's final invoice to the Client.
14. If a Client's Purchase Order form or acknowledgment or similar form is issued to identify the agreement, authorize work, open accounts for invoicing, provide notices, or document change orders, the preprinted terms and condition of said Purchase Order shall be superseded by the terms hereof.
15. Standard of Care – Services performed by Consultant under this agreement will be conducted in a manner consistent with that level of care and skill ordinarily exercised by members of the profession currently practicing under similar conditions. No other representation expressed or implied, and no warranty or guarantee is included or intended in any report, opinion or document under this agreement.
16. Liability Insurance – Consultant will maintain such liability insurance as is appropriate for the professional services rendered as described in this Agreement. Consultant shall provide Certificates of Insurance to Client, upon Client's request, in writing.
17. Indemnification and Limitation of Liability – Client and Consultant each agree to indemnify and hold the other harmless, including their respective officers, employees, agents, members, and representatives, from and against liability for all claims, costs, losses, damages and expense, including reasonable attorney's fees, to the extent such claims, losses, damages or expenses are caused by the indemnifying party's acts, errors or omissions.

The Client understands that for the compensation herein provided Consultant cannot expose itself to liabilities disproportionate to the nature and scope hereunder. Therefore, the Client agrees to limit Consultant's liability to the Client arising from Consultant's professional acts, errors or omissions, such that the total aggregate liability of Consultant shall not exceed \$50,000 or Consultant's total fee for services rendered on this Project, whichever is less.

18. Allocation of Risk – Consultant and Client acknowledge that, prior to the start of this Agreement, Consultant has not generated, handled, stored, treated, transported, disposed of, or in any way whatsoever taken responsibility for any toxic substance or other material found, identified, or as yet unknown at the Project premises. Consultant and Client further acknowledge and understand that the evaluation, management, and other actions involving toxic or hazardous substances that may be undertaken as part of the Services to be performed by Consultant, including subsurface excavation or sampling, entails uncertainty and risk of injury or damage. Consultant and Client further acknowledge and understand that Consultant has not been retained to serve as an insurer of the safety of the Project to the Client, third parties, or the public.

Client acknowledges that the discovery of certain conditions and/or taking of preventative measures relative to these conditions may result in a reduction of the property's value. Accordingly, Client waives any claim against Consultant and agrees to indemnify, defend, and hold harmless Consultant and its subcontractors, consultants, agents, officers, directors, and employees from any claim or liability for injury or loss allegedly arising from procedures associated with environmental site assessment (ESA) activities or the discovery of actual or suspected hazardous materials or conditions. Client releases Consultant from any claim for damages resulting from or arising out of any pre-existing environmental conditions at the site where the work is being performed which was not directly or indirectly caused by and did not result from, in whole or in part, any act or omission of Consultant or subcontractor, their representatives, agents, employees, and invitees.

If, while performing the Services set forth in any Scope of Services, pollutants are discovered that pose unanticipated or extraordinary risks, it is hereby agreed that the Scope of Services, schedule, and costs will be reconsidered and that this Agreement shall immediately become subject to renegotiation or termination. Client further agrees that such discovery of unanticipated hazardous risks may require Consultant to take immediate measures to protect health and safety or report such discovery as may be required by law or regulation. Consultant shall promptly notify Client upon discovery of such risks. Client, however, hereby authorizes Consultant to take all measures Consultant believes necessary to protect Consultant and Client personnel and the public. Furthermore, Client agrees to compensate Consultant for any additional costs associated with such measures.

19. In the event of legal action to construe or enforce the provisions of this agreement, the prevailing party shall be entitled to collect reasonable attorney fees, court costs and related expenses from the losing party and the court having jurisdiction of the dispute shall be authorized to determine the amount of such fees, costs and expenses and enter judgment thereof.
20. Assignment - Neither party to this Agreement shall, without the prior written consent of the other party, which shall not be unreasonably withheld, assign the benefit or in any way transfer its obligations under this Agreement or any part hereof; provided, however, either Party may freely assign this Agreement to a parent, subsidiary or affiliate without the other party's consent. This Agreement shall inure to the benefit of and be binding upon the parties hereto, and except as otherwise provided herein, upon their executors, administrators, successors, and assigns.
21. Termination – The obligation to provide further services under this Agreement may be terminated by either party upon seven (7) days written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party. In the event of any termination, Consultant will be paid for all services rendered to the date of receipt of written notice of termination, at Consultant's established chargeout rates, plus for all Reimbursable Expenses including a 15% markup.
22. Provision Severable – The unenforceability or invalidity of any provisions hereof shall not render any other provisions herein contained unenforceable or invalid.
23. Governing Law and Choice of Venue – Client and Consultant agree that this Agreement will be governed by, construed, and enforced in accordance with the laws of the State of Illinois. If there is a lawsuit, Client and Consultant agree that the dispute shall be submitted to the jurisdiction of the Illinois District Court in and for Stephenson County, Illinois.
